LAST YEAR WAS THIRD WARMEST ON RECORD: U.N. CLIMATE AGENCY

The planet logged its third hottest year on record in 2025, the World Meteorological Organization (WMO) said on Wednesday

AVERAGE TEMP 1.44ºC ABOVE 1850-1900 FIGURES

The global average surface temperature in 2025 was 1.44ºC above the 1850-1900 average, according to the WMO's analysis of eight datasets. Two of these datasets ranked 2025 as the second-warmest year in 176 years since 1850, and the other six ranked it as the third-warmest. In all eight datasets, 2023-2025 are the three warmest years on record

'THIS YEAR LIKELY TO BE FOURTH WARMEST'

- "The year 2025 started and ended with a cooling La Niña and yet it was still one of the warmest because of the accumulation of heat-trapping greenhouse gases in our atmosphere," WMO said
- Berkeley Earth, whose dataset was one of the eight analysed by the WMO, said 2026 would most likely be fourth-warmest year

Jaishankar speaks with Iranian counterpart Seyed Abbas Araghchi, reviews the evolving situation

JAYANTH JACOB @ New Delhi

THE Indian Embassy in Tehran on Wednesday advised all its nationals, including students, pilgrims, businesspersons and tourists, to leave Iran using available means, as the security situation in the country sharply deteriorated amid weeks of deadly protests.

Later in the day, External Affairs Minister S Jaishankar spoke with his Iranian counterpart Seyed Abbas Araghchi, during which the two leaders reviewed the "evolving situation" in and around Iran. "Received a call from Iranian Foreign Minister Seyed Abbas Araghchi. We discussed the evolving situation in and around Iran," Jaishankar wrote on X.

"All Indian nationals in Iran are requested to leave the country using available means," the embassy said, and added that citizens should keep their travel and immigration documents, including passports and IDs, readily accessible. "They are requested to contact the Indian Embassy for any assistance in this regard," it said.

The embassy reiterated that Indians and Persons of Indian Origin should exercise due caution, avoid areas where protests or demonstrations are underway, remain in contact with the embassy and closely monitor local media for developments.

The advisory comes as massive nationwide protests in Iran entered the 18th day, with demonstrations reported across nearly 280 locations. The unrest, which began over double-digit inflation and sharp currency devaluation, has escalated into violent clashes with security forces.

According to the US-based Human Rights Activists News Agency, at least 2,571 people have been killed in the protests so far. Iran has imposed a communications blackout in several areas and is facing mounting international pressure over its crackdown on demonstrators. Another NGO, Norway-based Iran Human Rights, put the verified toll at 3,428.

On Tuesday, US President Donald Trump publicly urged Iranian protesters to take over state institutions and not back down, claiming that "help is on the way," without providing further details. His remarks fuelled speculation over possible US involvement amid rising regional tensions.

In a related development, Reuters reported that several personnel were advised to vacate the Al Udeid Air Base in Qatar, the largest US military base in West Asia, by Wednesday evening as a precautionary step. Similar measures were taken ahead of US air strikes on Iran in June last year.

The Indian embassy also urged nationals who have not yet registered with it to do so through its online portal, noting that family members in India may register on their behalf if internet disruptions prevent access within Iran. **P11**

SC hearing on ED plea against Mamata today

SUCHITRA KALYAN MOHANTY @ New Delhi

THE Supreme Court will on Thursday take up a plea by the Enforcement Directorate (ED) alleging obstruction of its search at I-PAC office by West Bengal Chief Minister Mamata Banerjee. The state government has also filed a caveat in the SC, seeking that no order be passed without hearing it. A bench of justices Prashant Kumar Mishra and Vipul M Pancholi will hear the ED's plea.

In a related development, the Calcutta High Court on Wednesday closed a plea filed by the Trinamool Congress seeking protection of sensitive political data the ED may have seized from I-PAC. Additional Solicitor General S V Raju, appearing for ED, told the HC that the agency did not seize anything from I-PAC director Pratik Jain's office or home, adding it was Mamata who entered the search site and took away documents and electronic evidence.

In its plea before the SC, the ED sought directions for a CBI probe into the alleged interference by the state executive. The agency said the CM's presence and confrontational act had an intimidating effect on its officers. The petition was filed against the state of West Bengal, Chief Minister Mamata Banerjee, DGP Rajeev Kumar, Kolkata Police Commissioner Manoj Kumar Verma, and South Kolkata Dy Commissioner Priyabatra Roy.

West Bengal Police has also filed an FIR against ED officers over the January 8 I-PAC raids.

'Garg refused life jacket, was heavily drunk'

EXPRESS NEWS SERVICE @ Guwahati

MUSIC icon Zubeen Garg was "severely intoxicated", and he drowned near the Lazarus Island after refusing to wear a life jacket, a coroner's court in Singapore was told on Wednesday.

Testimonies reconfirmed reports that the singer went into the waters wearing a life jacket but removed it and then declined to wear a second one. Witnesses saw the severely intoxicated Garg trying to swim back to the yacht, but went limp and began floating face down.

The chief investigating officer told the court that Garg and 20 others on the yacht had snacks, drinks and alcohol.

A pair of Malabar pied hornbills at the Hornbill Conservation Reserve

Where are Dandeli's hornbills?

SUBHASH CHANDRA NS @ Dandeli (Uttara Kannada)

THERE was a time when the Dandeli forests used to reverberate with the calls of Great Hornbills. Declared as Hornbill Conservation Reserve in 2011, the 52.5 sq kms stretching from the Dandeli wood depot to all along the river Kali up to Ganeshgudi now see very few flocks of the spectacular birds with large, yellow beaks.

Many blame it on eco tourism and water sports gaining prominence along the river Kali and in and around Dandeli forests.

Hornbill Conservation Reserve within the Kali Tiger Reserve is home to four of India's nine species of hornbills—Great, Malabar Pied, Malabar Grey and Indian Grey.

Hornbills used to flock all along the Kali at Ambeli, Ilava, downstream of Supa Dam up to Bommanahalli backwaters. The birds were sighted in plenty until 2022, say local birdwatchers.

The post-Covid revival of tourism is a matter of great concern for wildlife lovers. "Water sports activities have increased over the last three years. The area has become noisy and the birds tend to avoid these places. It is clear that the birds have gone to new places," says Rahul Bavaji, a wildlife enthusiast. "There was a time when there were hornbills on almost all branches of trees. That has become a rare sight. These birds are prone to disturbances and tend to abandon the habitat," says another wildlife enthusiast. **P7**

Kadugodi forest: Citizens step in to save lung space

Accuse forest officials of failing to take action on illegal constructions

EXPRESS NEWS SERVICE
@Bengaluru

AS Bengaluru rapidly loses its lung spaces to unchecked urbanisation, concerned citizens are stepping in to protect what remains. One such effort is under way to safeguard the Kadugodi Reserve Forest patch near Whitefield.

Alarmed by large-scale construction activities in and around the forest patch, residents and environmental activists have launched campaigns to protect the green space. An online petition is also being circulated to mobilise public support before approaching the government.

In the petition, the campaigners alleged that despite clear directions from the Supreme Court and Karnataka High Court to state agencies to transfer all forest land to the forest department, little or no action has been taken so far.

Residents and activists have also flagged increasing construction activity within the forest patch and accused forest officials of failing to act against these violations.

The Kadugodi Reserve Forest spans 711 acres, but the forest department currently holds only around 200 acres, of which plantation work has been carried out on 120 acres.

A forest official, speaking on condition of anonymity, said the state government has allotted large portions of the forest land to various agencies, including the Karnataka Industrial Areas Development Board (KIADB), Bangalore Metro Rail Corporation Ltd (BMRCL) and Bangalore Water Supply and Sewerage Board (BWSSB).

"The land allotted to BMRCL and BWSSB received forest clearance in exchange for land parcels in Dandeli and Raichur. KIADB was given the lion's share -- around 450 acres -- before the 1980 Land Acquisition Act. KIADB is now allotting this land to industries and real estate developers," the official said.

The official added that special petitions have been filed in both the Supreme Court and the Karnataka High Court to reclaim the land. "Despite a status quo order, construction activities are being undertaken by KIADB. Efforts to clear illegal expansion of Dinnur Colony have also landed the matter back in court."

Lalbagh-type parks to come up in north & south

Visitors at the Republic Day Flower Show, dedicated to writer Poornachandra Tejaswi, at Lalbagh on Wednesday | VINOD KUMAR T

DEPUTY Chief Minister DK Shivakumar said the cabinet has decided to build a park modelled on Lalbagh, named after social reformer Basaveshwara, on a parcel of forest land in North Bengaluru.

A similar park is also being considered for South Bengaluru. Shivakumar was speaking at the inauguration of the 219th Flower Show, being organised as part of Republic Day at Lalbagh on Wednesday. The show is themed around the life and works of writer Poornachandra Tejaswi.

"Bengaluru is internationally renowned as a garden city. Therefore, I have announced that the GBA and the corporation will provide financial assistance for the construction of these parks. I have visited the city's parks, seen the situation there, taken the opinions of people and suggested that many development works be undertaken. Every week, tonnes of flowers and vegetables are being exported from our state to foreign countries. We are planning to build an international flower and vegetable market," he said.

The DCM also mentioned the Tunnel Road project which may run along Lalbagh from the Siddapura Gate side. "Some people are saying that the Metro and Tunnel Road will cause problems to Lalbagh. No one needs to worry about this. I am more interested than anyone else in preserving this historical park. We will take necessary steps for the convenience of citizens. This will not cause any problems. The traffic congestion problem in Bengaluru needs to be solved," he said.

BWSSB deploys AI tech at 78 pumping stns, to save ₹40cr a year

EXPRESS NEWS SERVICE
@Bengaluru

THE Bengaluru Water Supply and Sewerage Board (BWSSB) has successfully deployed the AI-based smart pump monitoring and optimisation technology -- IPUMPNET -- across 78 of its pumping stations. This new technology is expected to lead to annual energy savings of over Rs 40 crore, said BWSSB Chairman Ram Prasath Manohar.

He claimed that with this, BWSSB has achieved the distinction of being the first water supply utility in the world to adopt such advanced technology at this scale.

"The 'IPUMPNET' is a fusion of real-time sensors, Artificial Intelligence (AI) and predictive diagnostics. Unlike traditional methods, this system continuously monitors the performance of pumps and detects 'hidden performance losses'. The system has already identified several pumps consuming power significantly above their designated limits. Based on this data, the board has initiated the process of replacing low-efficiency pumps with high-efficiency pumps," he said. This technological upgrade is projected to save more than Rs 40 crore in electricity costs annually.

By preventing energy wastage, BWSSB is not only ensuring financial savings but is also reducing carbon emissions, thereby contributing significantly to Bengaluru's environmental sustainability, Manohar said.

NO REPEAT OF SAI LAYOUT FLOODING, GET RLY VENT WORK DONE BY APRIL-END: RAO

GBA Chief Commissioner Maheshwar Rao, along with officials, inspects white-topping work on Hennur-Bagalur Road on Wednesday | EXPRESS

EXPRESS NEWS SERVICE
@Bengaluru

GREATER Bengaluru Authority (GBA) Chief Commissioner M Maheshwar Rao directed officials to complete the Geddalahalli railway vent work by the end of April.

During an inspection at various locations on Wednesday, Rao reviewed the progress of the railway vent project and instructed officials to complete the work before the onset of pre-monsoon. The inspection was taken up in the backdrop of floods at Vaddarapalya and Sai Layout in Hormavu during the monsoon in the last few years.

Noting that the casting work of one vent has already been completed and needed to be pushed beneath the railway track, he directed officials to commence the work immediately and complete the casting of the second vent on priority. Officials were instructed to complete the entire project, including the RCC retaining walls, by the end of April.

Rao also inspected the white-topping work on Hennur-Bagalur Road. The work has been taken up on a 5-km stretch and white-topping has been completed for 3.2 km. Vehicular traffic has been allowed on some sections where curing has been completed. Continuous inspections are being carried out to ensure the timely completion of the remaining work.

He instructed officials to install green cloth barriers in newly concretised areas to prevent pedestrian movement and footprint marks, and to give equal priority to completing footpath work in parallel.

After inspecting Nagawara Junction, where Bengaluru Water Supply and Sewerage Board (BWSSB) pipeline work is in progress, the chief commissioner told officials to expedite the work and develop the road immediately after that.

He instructed North City Corporation officials to coordinate with Metro officials to clear certain properties and provide a free-left turn from the junction towards Tannery Road. "White-topping work is being taken up on a stretch of 5 km, including 2.4 km of Nagawara Road and 2.6 km of Tannery Road. As the BWSSB pipeline work has been completed on a 1-km stretch of Nagawara, instructions have been given to the police department to grant immediate permission for white-topping work on half the carriageway," Rao said.

Complete road work in a month: East City Corpn chief

Bengaluru East City Corporation Commissioner D S Ramesh on Wednesday reviewed on the ground status of road development work taken up under the Rs 694 crore package in corporation limits. He inspected the work at various locations, including Horamavu-Agara Main Road, Horamavu-Kalkere Main Road, Ramamurthy Nagar-Kalkere Main Road, Kalkere-Channasandra Main Road and Vaddarapalya Main Road, and strictly instructed officials and contractors concerned to complete all pending works within a month. He noted that the sewage pipeline installation work being carried out by the BWSSB on Vaddarapalya Main Road is progressing at a slow pace and directed the officials to coordinate with the departments concerned to ensure that the work is completed in a month. BCCC chief places request for Rs 2,047 crore before state finance panel

The chairman of the 5th State Finance Commission reviewed the financial status of Bengaluru Central City Corporation (BCCC) on Wednesday. BCCC Commissioner Rajendra Cholan requested the commission for a grant of Rs 2,047 crore, including Rs 200 crore for basic infrastructure in slum areas and Rs 500 crore for infra development in the Central Business District (CBD). Chairman Dr C Narayanaswamy reviewed the requirements, ongoing development works and administrative reforms at the corporation. Some of their suggestions are providing infrastructure and adequate staff to ward offices, establishing libraries in every ward and constructing toilets in every park. They suggested increasing the corporation's revenue by focusing on advertisements, trade licenses and parking fees among others. ENS

39 villas sitting along SWD to be razed in Horamavu

EXPRESS NEWS SERVICE
@ Bengaluru

AFTER razing over 160 homes in Kogilu in North Bengaluru on December 20, 2025, Bengaluru East City Corporation (BECC) has issued a confirmation order for demolition of 39 houses in Horamavu.

Unlike in the Kogilu case, where the occupiers encroached land meant for a waste processing unit and built homes, here owners have set up 39 units on about 1 acre of land in different survey numbers. The units have zero setbacks and do not have a fire safety NOC. The order was issued on January 7, giving owners an option of 30 days to remove the unauthorized portions on their own, failing which East City Corporation will raze them and also recover transport, men and machinery costs from the property owners.

KR Puram Joint Commissioner Sudha Pais told *TNIE* that BECC passed the provisional order in December against 39 houses built along a storm water drain (SWD), without following setback guidelines. "The developer has built villas on survey numbers 11/1, 11/2, 11/3, 11/4, 11/5 of Horamavu-Agra in KR Puram, totalling 2 acres and 10 guntas. The developer failed to follow both setback rules and buffer zone rules, and the homes were on the edge of the stormwater drain. Provisional orders were issued, and a confirmation order under Section 356 of Bruhat Bengaluru Mahanagara Palike (BBMP) and relevant GBA rules was issued on January 7," an official said. The corporation will raze the structures after February 6, he added.

BECC officials are also of the view that if the houses are not demolished, they will be sold to innocent buyers. "It appears that advances have also been paid, and if action is not taken, the developer may complete the sale, and buyers will end up getting cheated. Our officials have sealed the buildings and locked the gates. The homes are built on a villa model, and GBA does not give permission for villas 18km within the city. The developer has no permission for anything," added a town planning officer.

HOLIDAY MATHIS

15th January : Danes and Dachshunds The book about dogs suggests that the dachshund can be ferocious, and the Great Dane might be a gentle giant. On this day of as many lucky aspects as there are challenging ones, the metaphor applies. The size of a problem will not be a reliable indicator of its impact. A seemingly big trouble may be very easily and sweetly resolved, while a tiny detail warrants vigilance.

ARIES (Mar 21 - Apr. 20)
You keep wondering if there's a talent inside you waiting to show itself. The wondering is truth trying to get your attention. Follow the instinct to experiment. Believe the inner voice that says, "This seems like something I should be doing more of."

TAURUS (Apr. 20 - May 20)
It's a day to shore up discrepancies, pay debts, collect on favors and generally find ways to restore the balance inside of relationships. The dynamics that are well balanced today will be fruitful tomorrow.

GEMINI (May 21 - June 21)
Relationships are shoes. A lot of them don't fit right away, but the quality shoes will form to your feet over time, and you can walk many miles in them. The cheap ones cut and chafe and don't change much until they break.

CANCER (June 22 - July 22)
You're so aware of the rules today, and even more than that, the restrictions of your role. It may feel like too much is keeping you in place, limiting your options, preventing you from the destiny you have dreamed for yourself. But no. There are still dozens of paths to try. You got this.

LEO (July 23 - Aug. 22)
Approach interactions with trust and curiosity. Not every action hides an agenda. Most people are just moving according to their nature. Trust first, analyze later. Give yourself the gift of openness.

VIRGO (Aug. 23 - Sept. 22)
Like refined sugar, some people are so sweet that when they leave, they take your blood sugar down with them, causing an inevitable crash. You are not deterred, though you may pace yourself. Intermittency is what makes it a treat.

LIBRA (Sept. 23 - Oct. 23)
People respond best to leaders who are humble and diligent. Today, you're in charge in a low-key way. Working alongside your team creates mutual respect and encourages collaboration. This is also how you learn what's really going on in the group culture.

SCORPIO (Oct. 24 - Nov. 21)
You'll navigate nuance very well, deciding what to wear, say and do to blend into a particular environment. This isn't about people-pleasing or being a chameleon; it's about reducing friction and getting rid of anything that might keep you from connecting.

SAGITTARIUS (Nov. 22 - Dec. 21)
You're so encouraging to others that sometimes people forget that you, too, need encouragement. Then again, it might be time to seek more supportive energy. Take a moment to notice who helps you and who doesn't. Once you focus on your allies, momentum returns naturally.

CAPRICORN (Dec. 22 - Jan. 19)
So many things that happened in the past were beyond your control. Now you have the wisdom and maturity to realize there's no blame to be taken or given for it, just respect for what you've made of it.

AQUARIUS (Jan. 20 - Feb. 18)
You are simply excellent at reading certain social cues, especially the ones that indicate discomfort or disapproval. You are less adept at recognizing when someone is crazy about you, but if you tune in, you'll see it very clearly today.

PISCES (Feb. 19 - Mar 20)
It's easy to push, but it takes wisdom to let the natural current pull you. Like water, you'll find the path of least resistance. Your gentle ways will open the opportunities that were once beyond reach.

The sudden movement of the crane component is believed to have triggered the imbalance, adding that a technical fault may have led to the collapse

HULIMAVU POLICE BUST MAJOR CYBER FRAUD RACKET, NAB 12

Rs 240 crore in 4,500 mule bank accounts frozen, kingpin operated from Dubai

EXPRESS NEWS SERVICE
@Bengaluru

HULIMAVU police have busted a major cyber fraud racket where people have been cheated of more than Rs 1,000 crore across the country over the past two years.

Twelve people, including a woman and her son, have been arrested. In all, Rs 240 crore in 4,500 mule bank accounts has been frozen.

Prem Taneja, 44, the kingpin of the network, operated from Dubai. The police are in the process of issuing a Look Out Circular (LOC) against him. Investigations revealed that a cricket betting case has been registered against him in Mumbai. His family members are also involved in the racket.

The police arrested **Mohammed Huzaifa**, 22, and his mother **Shabana** of HSR Layout, Ankit Kumar Singh, 32 and Akash Jaiswal, 29, from Uttar Pradesh, Ajith Kumar Yadav, 29, from Bihar, Satyakumar Pandey, 27, from Jharkhand, and Abhishek Singh Rathore, Vishwajit Singh Shekhawat, Kushal Singh Chauhan, Pradeep Singh Tanwar, Pitambar Singh and Ajay Kumar, aged between 25 and 30 from Rajasthan.

The police said Huzaifa ran the network in India. He opened mule bank accounts, most of them in Bengaluru, by targeting poor individuals, who were paid between Rs 5,000 and Rs 8,000 to open accounts. He had opened five mule accounts in the name of one individual. He had also taken several SIM cards in the individual's name. Huzaifa collected the ATM cards and passbooks from mule account holders and sent them to Delhi.

Ajit and Kushal acted as coordinators between Prem and mule account handlers, while other accused managed the transactions from an apartment in Delhi. Pradeep Singh handled the social media accounts to promote the fraudulent platforms.

City Police Commissioner Seemanth Kumar Singh inspects gold ornaments, luxury watches and cash recovered from the accused, who allegedly created mule accounts for an investment fraud | EXPRESS

FROM SCRAP DEALER TO CYBER CROREPATI

Huzaifa, a college dropout, worked as a scrap dealer. Later, he took to online gaming. Huzaifa came in contact with Prem Taneja after hacking his betting application twice. Taneja paid Huzaifa to fix the app and asked him to come to Delhi in 2023. He was assigned the task of creating mule accounts. Huzaifa created 7,000 mule accounts and travelled to Dubai every month. He allegedly earned up to Rs 35 lakh a month and used the money to purchase gold jewellery for his mother and girlfriend and to buy a new apartment. He was also making preparations to marry his girlfriend. His mother also allegedly assisted him in creating mule accounts. The police have seized 23 phones, including a Vertu satellite phone worth about Rs 8 lakh, Rs 4.89 lakh in cash, and 531 grams of gold ornaments from Huzaifa alone.

Modus operandi

The accused advertised an unauthorised trading application, "Neo Systems", on various social media platforms, luring victims with promises of high returns. Initially, the victims received small profits and were coaxed into investing more money.

Probe into Rs 3.3 cr fraud leads to mule creator

In one case, a 58-year-old businessman, who lost Rs 3.3 crore, had filed a complaint with Hulimavu police. During the probe, the police, along with the National Cybercrime Reporting Portal (NCRP), froze multiple accounts. A bank account holder, whose account had been frozen, had approached the police.

During interrogation, he revealed that he had received money through "Swamji.com", an illegal online gaming application operated by the accused. The proceeds of the investment fraud were transferred to the accounts of gambling winners. Based on his inputs, the police identified mule account creator Huzaifa. He and his mother were taken into custody. They revealed that the team operated from Delhi. The other accused were arrested later and mule accounts frozen, the police said.

The accused used the mule accounts for only about 20 days and had written ATM PIN numbers on the debit cards. Hulimavu inspector BG Kumaraswamy, sub-inspector Aravind Kumar G, constable Ramakrishna and other staff probed the case. Fifty-eight mobile phones, 242 debit cards, 21 passbooks, 33 cheque books, online digital payment ring and a crypto currency ledger have been seized. Preliminary probe revealed that in the last two months, the accused routed Rs 240 crore through mule bank accounts. The police suspect that the total fraud amount could exceed Rs 1,000 crore in the last two years.

Valet agency failed background checks: Activists

EXPRESS NEWS SERVICE
@Bengaluru

WITH the man accused of slamming a puppy to death in JP Nagar currently absconding, it has emerged that Truffles (JP Nagar), the restaurant where he was engaged, had hired his services through a third-party valet agency. Animal welfare activists associated with the case have alleged that the agency, which partners with several premium brands in Bengaluru, failed to conduct adequate background verification of the accused, identified as Nepal Kiran.

Following the incident, Truffles discontinued its association with the valet service agency. Activists who approached the agency claimed that its staff admitted to lapses in conducting proper background checks before recruiting and deploying drivers at partner establishments.

On Wednesday, Truffles Hospitality Private Limited issued a public statement clarifying its position. "We strongly support animal welfare and hold deep respect for all living beings. We were deeply disturbed to learn of an incident involving harm to an animal by an individual who was off duty and associated with a third-party valet service. The individual was not an employee of our organisation. However, in keeping with our values and our zero-tolerance policy towards such actions, we have terminated our association with the valet agency concerned with immediate effect," the statement said.

Drugs worth ₹1.2cr seized in separate ops

ENS @Bengaluru

THE Central Crime Branch (CCB) and city police arrested four persons, including a foreign national, in two separate operations for allegedly peddling drugs, and seized narcotics worth over Rs 1.20 crore.

In the first operation, the Anti-Narcotics Wing of the CCB arrested Uche Ndudi (25), a Nigerian national residing within the KR Puram police station limits. Police said the accused had come to India in 2025 on a medical visa but continued to stay in the city even after the visa expired. During this period, he allegedly procured drugs from another foreign national, who is currently absconding.

Police apprehended Ndudi and seized 101 grams of cocaine worth Rs 50.6 lakh from his possession. In a separate case, the CCB arrested Chesed Akash, a DJ from Meghalaya who was residing in Begur, for allegedly peddling 481 grams of hydro ganja valued at Rs 48 lakh. Meanwhile, in another operation, the Vivek Nagar police arrested two drug peddlers from Odisha, Sanjith Bhaga (35) and Mithun Kumbar (18). Based on a tip-off, police nabbed the accused and seized 21.2 kg of ganja worth Rs 21 lakh.

State adds angiogram test to Ayushman scheme

EXPRESS NEWS SERVICE
@Bengaluru

THE Karnataka government has approved the inclusion of Coronary Angiogram (CAG) as a separate procedure under the Ayushman Bharat Pradhan Mantri Jan Arogya Yojana - Chief Minister's Health Karnataka Scheme (AB PMJAY CM's Arogya Karnataka).

Until now, CAGs were covered only as part of treatment packages for procedures such as Percutaneous Transluminal Coronary Angioplasty (PTCA) and Coronary Artery Bypass Grafting (CABG). Health officials note that CAG is a key diagnostic test required before deciding further cardiac interventions.

Meanwhile, government has decided to make treatment for patients suffering from Guillain-Barré Syndrome (GBS) more affordable by bringing the expensive Intravenous Immunoglobulin (IVIG) therapy under the Ayushman Bharat-Arogya Karnataka (AB PMJAY-CM's ArK) scheme. The IVIG therapy will now be provided with a coverage of up to Rs 2 lakh per patient.

7-day joint session from Jan 22 to discuss VB-G RAM G

● It is to make public aware of social, economic implications of new Act on society: Patil ● If they have issues with scheme, they should discuss with Centre: LoP

EXPRESS NEWS SERVICE
@ Bengaluru

THE Karnataka government on Wednesday announced it will convene a joint session of the legislature for seven days between January 22 and 31 to debate the Union Government's decision to replace MGNREGA with the VB-G RAM G Act. Through the session, the Congress government plans to exert pressure on the Centre to withdraw VB-G RAM G Act and reintroduce MGNREGA. Initially, the State Government had decided to call for a special session, but due to technical reasons, a joint session has been convened. The upcoming session will be 2026's first.

The special cabinet convened by Chief Minister Siddaramaiah on Wednesday resolved to invite Governor Thaawarchand Gehlot to address the joint session at 11am on January 22. The special cabinet also authorised the CM to approve the governor's speech.

The special cabinet meeting, which lasted for two-and-a-half hours, featured a presentation by RDPR Secretary Sameer Shukla comparing MGNREGA with VB-G RAM-G, informed sources told The New Indian Express. Five ministers — Priyank Kharge, HK Patil, Krishna Byre Gowda, Dinesh Gundu Rao, and Dr Sharan Prakash Patil — have been given the task of countering the onslaught by the opposition BJP and JDS, the sources added.

Chief Minister Siddaramaiah leaves Vidhana Soudha after the special cabinet meeting in Bengaluru on Wednesday | NAGARAJA GADEKAL

Briefing the press after the cabinet meeting, HK Patil said a debate on the issue will start simultaneously after the governor's speech. "The session is to make the public aware of the social and economic implications of the VB-G RAM G Act on society," Patil added.

"The State Government cannot sit back at the instance of the Centre taking away our people's rights. It is to create awareness and bring adequate pressure on the Centre to bring back MGNREGA," Patil said, adding that the Karnataka government is also deliberating on taking the issue to the court of law besides the people's court.

Under MGNREGA, it is mandated that all panchayats should be covered, but under VB-G RAM-G, the Centre decides on which panchayats should benefit, Patil said. "Earlier, workers used to create rural assets such as bunds, farm ponds, cattle sheds, and school playgrounds under MGNREGA, but under the new Act, they will work under contractors in the construction of roads, flyovers, tunnels, etc. VB-G RAM-G will take away the rights of our people and panchayats and give it to officials sitting in Delhi, which is a big blow to the concept of decentralisation of power, which we have implemented as per the Panchayat Aaj Act, ensuring the individuals have a right through gram sabhas," he elaborated.

On allegations of misuse of funds under MGNREGA, Patil hit back, saying that the State Government has brought social auditing effectively to find out the same and adequate action has been taken in Karnataka. "When Modi took over as PM, he made a nasty comment about MGNREGA. But what happened in the next 12 years? How many times must he have praised this yojana (MGNREGA)?" Patil asked.

He observed that the name RAM used in the new Act is aimed at misleading people and taking refuge under the emotional factor is unfortunate.

ASHOKA SAYS SESSION CALLED TO HIDE INFIGHTING IN CONGRESS

EXPRESS NEWS SERVICE @ Bengaluru

LEADER of Opposition R Ashoka on Wednesday said the quarrel between Chief Minister Siddaramaiah and Deputy CM DK Shivakumar is reaching a new high and in order to hide this, the State Government has called a state legislature session later this month, to discuss repeal of MGNREGA.

Terming it a waste of taxpayers' money, he said, "Issues of people have to be discussed in the session. When the Centre is trying to streamline the rural guarantee scheme which was being misused, why are Congress leaders protesting?"

Ashoka said the State Government has decided to hold a session from January 22 to 31 to discuss the Viksit Bharat Sankalp Yojana. "But a special session should be called to discuss drug mafia, illegal residents at Kogilu Cross, insult to Kannada in Kasaragod by the Kerala government and other such issues. If they have issues with the scheme, they should discuss them with the Central government, and not call a special session and waste taxpayers' money,'' he said.

LoP in Assembly R Ashoka addresses the media at Vidhana Soudha in Bengaluru on Wednesday | NAGARAJA GADEKAL

He said the issue is that Mahatma Gandhi's name has been removed. "Congress members talk about Gandhi, but don't follow him. Gandhi had stressed that Congress must be dissolved, but many Congress parties came up. Gandhi was devoted to cows, but when BJP wanted to bring a bill banning cow slaughter, Congress opposed it. Gandhi spoke about Bhagavad Gita, but Congress opposed it in school curriculum. Gandhi fought for prohibition of liquor, but the Congress government has allowed liquor shops on every street. They give bar licences to those who pay Rs 2 crore," he said.

Ashoka said CM Siddaramaiah has become a pauper after taking a loan of more than Rs 4 lakh crore, which is more than what all chief ministers combined have taken. "When there are so many problems, they are wasting people's money by holding a session,'' he said. Ashoka has also written to Speaker UT Khader to call a special session to discuss language issue, drug menace and other burning issues.

Issues of people have to be discussed in the session. When the Centre is trying to streamline the rural guarantee scheme which was being misused, why are Congress leaders protesting?

CMC staff protest, seeks action against Cong neta

V VELAYUDHAM @ Chikkaballapur

SIDDLAGHATTA City Municipal Council (CMC) employees staged dharna on Wednesday demanding action against Congress leader Raju Gowda for his abusive remarks against CMC Commissioner.

Higher Education and Chikballapur District in-charge Minister MC Sudhakar said Raju Gowda's choice of words were inappropriate during the latter's phone conversation with the commissioner Amrutha. The minister said he has taken up the issue with the state high command.

The CMC staff had removed banners obstructing traffic movement in the town. Gowda, who telephoned the commissioner over the removal of the banners, threatened the latter. He also reprimanded JDS MLA Ravi Kumar. The commissioner told *The New Indian Express* that she has reported the issue to higher authorities and lodged a complaint with police.

When this correspondent tried to contact, Gowda did not respond.

Meanwhile, functionaries of JDS and BJP also have lodged complaints against Gowda with the police.

BJP, JDS WANT CONG LEADER ARRESTED

BENGALURU: BJP and JDS leaders on Wednesday demanded that a Congress leader from Sidlaghatta in Chikkaballapura district be arrested immediately for allegedly threatening a woman officer. Raju Gowda, who had unsuccessfully contested the 2023 assembly elections as a Congress candidate, had threatened Sidlaghatta City Municipal Council (CMC) Commissioner Amrutha Gowda after CMC officials removed a banner obstructing traffic in the town. Union Minister HD Kumaraswamy spoke to Chief Secretary Shalini Rajaneesh over the phone and sought immediate action against Raju Gowda. Kumaraswamy sought to know whether women officers in the state could discharge their duties in a free and fair manner. According to a statement, Kumaraswamy told the chief secretary that it is the state government's responsibility to ensure the safety of women officers and it should take this incident seriously. Leader of Opposition in the Legislative Council Chalavadi Narayanswamy urged the government to register a case under the Goonda Act and arrest Raju Gowda. Narayanaswamy said Chief Minister Siddaramaiah should direct the police to immediately arrest Raju Gowda. He slammed the government for registering politically motivated cases against BJP workers and not taking any action against the Congress leader who had allegedly threatened the woman officer. Meanwhile, Deputy Chief Minister DK Shivakumar said action will be taken as per law.

Rahul tarmac chat with Siddu, DKS reignites aspirations in both camps

DEVARAJ B HIREHALLI
@ Bengaluru

LEADER of Opposition in Lok Sabha Rahul Gandhi meeting both Karnataka Chief Minister Siddaramaiah and Deputy CM D K Shivakumar on the tarmac of Mysuru airport on Tuesday, albeit briefly, has reignited the leadership aspirations of both camps. Rahul, in a tete-a-tete, invited both Siddaramaiah and Shivakumar to Delhi to discuss the issue of change in leadership and cabinet reshuffle, informed sources said.

Rahul met both the leaders for 90 seconds each.

"Rahul has called both the CM and Deputy CM to Delhi for talks, and all the confusion will be resolved. I am not sure about the dates... it may be after the Sankranti festival. There was a demand for a cabinet reshuffle and I too want to become a minister," Chief Whip of Congress in the Assembly and senior legislator Ashok Pattan told reporters in Bengaluru on Wednesday. Pattan, who is identified in the Siddaramaiah camp, was a witness to the event at Mysuru airport. But both Siddaramaiah and Shivakumar have not confirmed whether Rahul called them to Delhi or not.

Shivakumar said that he would not like to talk publicly about what transpired between him and his party leaders. "I am the KPCC president and Rahul Gandhi is the LoP in Lok Sabha. My welcoming him (Rahul) is the protocol, and how can I discuss it publicly? You (media) are creating confusion. We have neither given any message to anyone nor have we got any message from anyone. Our leaders have told us to continue the good work we are doing. I updated Rhaul about the programmes we are doing about MGNREGA," Shivakumar said. Shivakumar said he would travel to Delhi on January 16.

Home Minister Dr G Parameshwara also advocated for the Congress high command to clear the air over the issue of a change in leadership. The mood is upbeat in Shivakumar's camp too as they are waiting with bated breath for the top brass' decision on CM change.

Rahul Gandhi in conversation with DK Shivakumar at the tarmac of Mysuru airport on Tuesday

The 90-second talk Shivakumar had with Rahul seemingly boosted the morale of the former's supporters. They believe that Shivakumar, who was denied an audience by Rahul, certainly might have used the opportunity to remind the latter about the change in leadership. Shivakumar's relative and Kunigal MLA Dr Ranganath told reporters that something good will happen to Shivakumar after Sankranti. "The MLAs and party workers will get sweet news," he quipped.

On a post on 'X', former MP DK Suresh, younger brother of DK Shivakumar, said, "The first step towards success is an effort, rigorous efforts will bring success' which has been interpreted otherwise, linking to the change in leadership."

But political analysts observed that drastic changes, even a reshuffle or a change in leadership, are unlikely anytime soon as Siddaramaiah has asserted that he will present the budget for 2026-27 tentatively on March 5.

Meanwhile, DK Shivakumar and his brother, former MP DK Suresh, met AICC chief Mallikarjun Kharge and discussed the political developments for an hour on Wednesday evening.

BJP to hold rally in Ballari on Saturday

KIRAN BALANNANAVAR @ Ballari

BJP leader B Sriramulu said the party will hold a massive rally on Saturday in Ballari to protest the alleged collapse of law and order in the state, including the banner-related violence in Ballari and alleged murder conspiracy against MLA G Janardhan Reddy.

The party is also planning a padayatra from Ballari to Bengaluru. Addressing a press conference at Ballari on Wednesday, he said the protest rally, organised by the BJP and JD(S), will be attended by former Chief Minister BS Yediyurappa, Union Minister Pralhad Joshi, former Chief Minister HD Kumaraswamy, BJP state president BY Vijayendra, Leader of the Opposition R Ashoka, Chalavadi Narayanaswamy and several other senior leaders from the Centre and the state. He said more than 50,000 party workers from across Karnataka, including the Kalyana Karnataka region, are expected to participate.

He said there has been widespread demand across the State to hold a padayatra from Ballari to Bengaluru along with the rally to highlight the violence. The proposal has been discussed in the party's core committee meeting. The State BJP president has already written to central leaders seeking permission for the padayatra.

Sriramulu said the padayatra will commence after the rally and will continue for 20 days until February 5. The rally will conclude at Palace Grounds in Bengaluru. Alleging lapses in the investigation into the violence, Sriramulu said all video evidence had been handed over to the CID, but the probe began only five days after the incident and the delay reflected police negligence.

He said the padayatra and rally are being organised to press for the arrest of those involved, including MLA Bharat Reddy and supporter Satish Reddy. Former minister Janardhan Reddy, former MLA Suresh Babu and party leader Gurulinganagouda were present at the press conference.

Meanwhile speaking in Chitradurga, state BJP president BY Vijayendra said that the party will decide on the proposed march from Ballari to Bengaluru in a few days.

Community leaders to netas: Lingayats not vote bank, address concerns

BANSY KALAPPA @ Bengaluru

LINGAYAT and Basava activists don't want to remain a mere vote bank for any party, and are proposing an initiative called the 'Basava Shakti' convention, to build political awareness and strengthen the community. The move comes after recent grassroots campaigns that highlighted Lingayat identity, with a long-pending demand for separate religion status along the lines of Jainism, Buddhism and Sikhism. Activists are trying to build awareness against politicians who get elected using Lingayat votes but work against the interests of the community.

Last year, a series of Basava Samskruti Abhiyana meetings was held across the state, with an average participation of about 50,000 people in several districts. The campaign focused on 12th-century reformer Basavanna, who preached equality, rejected caste discrimination and rituals, and stressed on personal devotion through the Ishta Linga. Activists say it proved the community's ability to mobilise at the ground level, without major funding or political backing.

However, leaders argue that mass mobilisation is not enough. Lingayat votes play a key role in about 100 Assembly constituencies, especially North Karnataka, but parties approach the community only during elections and fail to address their concerns, they claim.

The proposed convention aims to train Basava organisations to act as a non-partisan pressure group. The focus would be political education, voter awareness, engagement with elected representatives, letter campaigns and election strategies. The goal is not to enter politics but to hold all parties accountable. SM Jaamdar of Jagatika Lingayat Mahasabha (JLM) told TNIE, "We support this initiative not to support any party, and remain equidistant from all. We are trying to inform people and build awareness."

Lingayat leader TR Chandrashekar said, "This meeting will raise awareness so our community interests are best served. We have noted with distress that many politicians, including chief ministers and legislators whom we ourselves elected, let us down by working against community interests. We had an online meeting as a forerunner to the final event which we plan to hold in early February."

The three main demands are formal recognition of Lingayatism as a separate religion, with Basavanna as founder and Vachanas as sacred texts; protection against derogatory remarks targeting Lingayat leaders, mutts or philosophy; fair access to socio-economic benefits. The issue remains sensitive due to internal divisions. Groups like the JLM argue that Lingayatism is distinct from Hinduism, while organisations like the Akhila Bharata Veerashaiva Mahasabha maintain that Veerashaiva-Lingayat traditions are part of Hinduism and oppose separate status. The debate intensified in 2025 with both the Basava Samskruti Abhiyana and counter-events like Veerashaiva-Lingayat Ekta Samavesha being held in Hubballi. Basava Shakti supporters say history shows that religious movements have often grown with political support. In today's democracy, this means engaging carefully with elected representatives while avoiding direct party control.

On this pretext, they repeatedly extracted money from her by asking her to scan QR codes and transfer amounts through her bank account

HC quashes disqualification of Belagavi corporators

EXPRESS NEWS SERVICE
@ Belagavi

THE High Court of Karnataka has set aside the disqualification of BJP corporators Mangesh Pawar (mayor) and Jayant Jadhav by the state government, terming the action against them legally untenable. This verdict in the Belagavi Khau Katta shop allotment case is likely to have a far-reaching political implications here.Pawar and Jadhav, the petitioners, challenged the order of disqualification under Section 26(1)(K) of the Karnataka Municipal Corporation Act, 1976, passed by the principal secretary, Department of Urban Development and Appellate Authority, Bengaluru.

The authority had upheld the order of the regional commissioner of Belagavi Division disqualifying the petitioners as corporators.They were disqualified on charges of misusing their position as corporators and getting shops allotted to them at Khau Katta through auction. The counsel for the petitioners contended that elections to the Belagavi City Corporation Council were held on September 3, 2021 and results were declared on September 6, 2021. The petitioners took oath as corporators on February 6, 2023. However, the auction to allot shops at Khau Katta was held in 2020. The court held that the petitioners were elected to the Council in 2021 and the auction to allot shops was held in 2020. Hence, there is no question of the petitioners misusing their position to get the shops allotted in their names. This will not attract disqualification under Section 26(1)(K) of the Karnataka Municipal Corporation, Act 1976.

HC stays probe against Sri Sri in encroachment case

FIR relates to government land in Kaggalipura, Bengaluru South

EXPRESS NEWS SERVICE
@ Bengaluru

THE Karnataka High Court stayed investigation against Sri Sri Ravi Shankar, founder of Art of Living Foundation, in connection with the suo motu FIR registered by Bengaluru Metropolitan Task Force (BMTF) on allegations of encroachment of certain government lands, against him and others.

Justice M Nagaprasanna passed the interim order on Tuesday after hearing the petition filed by Sri Sri Ravi Shankar, questioning the legality of the FIR registered in September 2025, alleging offences are punishable under Section 192A of the Karnataka Land Revenue Act, 1964.

The court noted that perusal of the complaint prima facie indicates no allegations against the petitioner, who cannot be drawn into the web of crime unless the State Public Prosecutor places on record something to indicate the petitioner is directly involved, at the next hearing on January 21.

The interim order was passed as BMTF could not furnish documents to show the allegations made in the FIR that the petitioner encroached government land in Sy Nos 160, 164/1, 164/2, 150 and 137 of Kaggalipura in Uttarahalli hobli of Bengaluru South taluk, even after court gave time to do so. The petitioner contended that he had nothing to do with the activities of the other accused. He neither owns any property nor has encroached any land, therefore proceedings must be stayed.

The crime was registered in the background of the order passed by a division bench in September 2025, while disposing of a PIL filed by Chandrashekar N and others. They had alleged encroachment of government lands and lakes by the petitioner and others. In view of the report submitted by the government pointing out construction of apartments allegedly encroaching government lands, the division bench asked the authorities to take steps as per law.

However, the State Public Prosecutor submitted that the petitioner was named as respondent in the public interest petition, so BMTF cannot be faulted for registering the crime, and following every procedure in law. The petitioner countered that he is in no way concerned with the alleged encroachment done by other persons.

Prisoner ends life in Dharwad jail

EXPRESS NEWS SERVICE
@ Dharwad

A man serving a 14-year jail sentence for murdering his wife, has died by suicide by hanging himself in the prison premises. The incident took place inside the central prison in Dharwad on Tuesday evening.

The deceased is Ishwarappa Pujar from Basapur village in Laxmeshwar taluk of Gadag district. Around seven years ago, he was sentenced to 14 years imprisonment. He had served more than half of his punishment in prison.

Jail sources said Pujar hanged himself on a construction site in the prison premises. After completing his work, he did not return to his cell till late night following which police starting looking for him and found him hanging. The body was sent to a hospital and a case was registered at suburban police station. The reason for the extreme step is not known and police said they will investigate.

It is said he hanged himself with the help of a rope used on the construction site.

A senior officer from the central prison said action will be taken against the staff responsible for bringing the prisoners back to their cells after their assigned work. Pujar was known for his good conduct in prison.

Researchers find shape shifting protein inside cells

EXPRESS NEWS SERVICE
@Bengaluru

EVER wondered what is the importance of protein cells and what they do? A team of researchers from the National Centre for Biological Sciences (NCBS) has understood this and developed a unique tool.

The deep-learning tool called Disobind predicts how intrinsically disordered proteins, the shape shifting molecules which are important for cellular communication, latch on to their binding partners.

The research paper 'Disobind: A sequence-based, partner-dependent contact map and interface residue predictor for intrinsically disordered regions', was published in the Cell Systems, a Cell Press journal, on January 13. The NCBS team released the report on Wednesday.

In the paper, researchers explain that Disobind analyses all the protein sequences and uses the information to explain which protein cell binds with other protein molecules. They also said Disobind does not need any structural information or sequence alignments.

Researchers said Disobind uses protein language models for sequencing and outperforms state-of-the-art interface predictors of the Intrinsically Disordered Regions (IDR). These are flexible segments within protein cells that are not stable and do not have a fixed 3D shape.

They noted that using this tool will help medical professionals and experts understand and predict IDR's assemblies and interactions for better health assessment.

Dr Shruthi Vishwanath, who leads the Integrative Structural Biology Lab at NCBS, said the application of tool spans disease biology to drug design. With Disobind, we can begin to reveal new interaction motifs linked to disease, suggest intervention points for regulating IDR-mediated interactions across the proteome, and better position disordered segments within large molecular assemblies, she said.

30k NHM contractual staffers face 3-month pay delay

State health department feigns ignorance as employees, including 1,500 health inspectors, struggle to meet basic expenses

RASHMI PATIL @Bengaluru

NEARLY 30,000 National Health Mission (NHM) contractual employees, including nurses, lab technicians and health inspectors, at government hospitals in Karnataka are working without salary since October 2025. These employees are now struggling to meet their basic needs, including rent, petrol charges, water bill and groceries.

Rachanna Gowda, a lab technician at a blood donation unit in one of the government hospitals in Yadgir district, said, "Salary is delayed every month. We are not paid monthly but quarterly and that too after a lot of requests to the officials of the health department. The last salary we received was in September 2025. I am supposed to get a total of Rs 55,000 for three months. I have borrowed from my friends which has to repaid as soon as I get salary."

He added, "When we approach officials about the delayed salary, they give different reasons. While one person says delay in the receiving of funds from the Centre, other official complains of technical issues in the SPARSH portal that updates the tasks performed every day by each employee."

Harsh Gupta, principal secretary to the health department, said, "We are not aware of the issue of delay in salary. But I agree and know that payment of salary was delayed twice in 2025. In the beginning of the financial year 2025, there was no opening balance and the central government had delayed the release of funds. Another time, salaries were delayed was when the SPARSH portal was launched."

Currently, contractual employees are paid their salary on a 60:40 basis in which 60% is paid by the Centre and 40% by the state government. For instance, if the salary of an employee is Rs 20,000 of which Rs 12,000 is paid by the Centre and Rs 8,000 by the state.

Another health inspector working at the Urban Primary Health Centre (UPHC) in Bengaluru North, said, "There are 1,500 health inspectors in Karnataka and each health inspector is assigned one ward comprising 88,000 to 95,000 population. There is a need for additional 1,500 inspectors to be appointed. However, the government hasn't made any recruitment for many years. There is a shortage of over 30,000 staff in various capacities in the health department. Most of the health inspectors were recruited on a contractual basis when disease like dengue, malaria and chikungunya were on the rise. On most days, we end up doing tasks assigned to the employees in the health department who are recruited permanently."

Water bells at schools mooted to keep children hydrated

EXPRESS NEWS SERVICE
@ Bengaluru

THE director of the PM-Poshan scheme in Karnataka has issued a circular, instructing all government, aided and unaided schools to introduce water bells. However, the authorities appear to be oblivious of the reality that 61 schools in the state lack drinking water facilities and 170 of them do not have proper toilet facilities, reveal data available with the Department of School Education and Literacy.

The circular issued on Wednesday stated, "The water bell will remind children to drink water frequently, which in turn will help improve metabolism, hydration and other health factors. It has to be strictly implemented in the government, aided and unaided schools for students studying in classes from LKG to 10."

Shashidhar Kosambe, the president of the Karnataka State Commission for Protection of Child Rights (KSCPCR), said, "When I visited several schools in the state, I had noticed that students drank less water for various reasons. After discussing it with the teachers there, I wrote a letter to the education and PM-Poshan department to introduce water bells in schools to remind children to consume water."

320 acres diverted; Upa Lokayukta busts racket

EXPRESS NEWS SERVICE
@ Bengaluru

A search conducted by the Lokayukta police on warrants issued by Upa Lokayukta Justice B Veerappa has revealed that officials in Nagamangala taluk of Mandya district have allegedly forged, tampered with and fabricated documents to transfer around 320 acres of government land, worth Rs 200 crore, to private persons on the pretext of allotment of land under Bagair Hukum Committee (BHC).

Acting on a tip-off about the racket involved in usurping the Gomal land, the Upa Lokayukta issued warrants on Tuesday to conduct the searches in seven places, including the residences of the persons involved, the government guest house, a hotel and the taluk office in Nagamangala – the assembly segment represented by Agriculture Minister N Cheluvarayaswamy.

Following a complaint filed by the Lokayukta police after finding incriminating materials in the possession of the accused officials, the Nagamangala police registered a First Information Report (FIR) citing criminal conspiracy, cheating, dishonesty, tampering, fraudulently using forged documents, theft and criminal breach of trust. Subsequently, they arrested five officials – second division assistants Satish H V and Gurumurthy, shirastedars Ravishankara and Umesh and Darakastu village assistant S Yogesh – of the land records branch of the taluk office.

Lokayukta police personnel inspect documents during a raid at an office in Nagamangala taluk, Mandya district, on Wednesday

"The act of the officials shocks the consciousness of this authority," said Upa Lokayukta Justice Veerappa.

A statement from the Lokayukta office said that prima facie, it was found that the accused fabricated documents, such as Saguvali Chit, grant ledger and other records in Darakastu land and records section to usurp the Gomal land in HN Kavalu, Chikkajataka, Doddajataka, Karadahalli and a few other villages in Nagamangala taluk for unlawful gain.

Applications seeking grant of land were found in the car belonging to village assistant Yogesh. When the Lokayukta police, headed by Superintendent of Police Suresh Babu, questioned Yogesh, he revealed that records room staffers Yogesh, Vijay Kumar, Satish and Yashavanth and deed writer Chinnaswamy were diverting government land since 2020.

The seized records disclosed that the entries in the land grant ledger have been tampered with to add new names. The BHC can grant a maximum of 4 acres and 38 guntas of land to each family or beneficiary. However, 9 acres 27 guntas of land was allotted to one Prakrul Khan and 11 acres 23 guntas to one Kaleem Mulla. However, these entries are not found in the original records kept in the records room, where the search was conducted.

Don't let Chinnaswamy miss RCB matches: MLC

EXPRESS NEWS SERVICE
@ Shivamogga

KARNATAKA State Cricket Association (KSCA) zonal convenor and MLC DS Arun on Wednesday said the state government alone will be held responsible if the Royal Challengers Bengaluru (RCB) home matches of IPL are shifted to Pune from Bengaluru.

"It had been seven months since the inquiry commission tabled its report on the stampede at Chinnaswamy Stadium. Yet, the state government is unconcerned and is not ready to utter a word against the shifting of RCB home matches to Pune," he said.

Arun said the victory parade to celebrate RCB's first IPL title was fixed on June 4. "The state government, without considering the consequences, granted permission for the celebrations. In reality, Chief Minister Siddaramaiah and Deputy Chief Minister DK Shivakumar wanted to click pictures with RCB players. So, they granted permission and called the fans to join the celebrations without preparing safety protocols. Chinnaswamy is one of the best stadiums of the KSCA, with a capacity to seat 40,000. Yet, these numbers were exceeded, leading to a stampede. The family of DK Shivakumar and other politicians were seen taking pictures with players as people cried for help. Later, the government shunned its responsibility, saying that it was not a government event," Arun said.

"The inquiry commission had declared that IPL franchise RCB, the Karnataka State Cricket Association (KSCA) and event organiser DNA Entertainment Networks Private Limited were responsible for the stampede. It has been seven months since the incident happened and the report has not been disclosed. Now, because of the government's negligence, the RCB wants its home matches to be held in Pune instead of Bengaluru. This will be a big blow to the state's revenue and fame, as well as a big disappointment and betrayal done to cricket fans," he said.

Modi celebrates Pongal, says Tamil culture shared heritage of humanity

Festival teaches us the importance of harmony with nature, family and society, says PM

RAJESH KUMAR THAKUR
@ New Delhi

PRIME Minister Narendra Modi hailed Tamil culture as "humanity's shared heritage" during his address at the Pongal celebrations held at Union Minister L Murugan's residence in New Delhi on Wednesday. The PM praised the harvest festival as a global festival in his address to the Tamil community at the event in which several central ministers took part.

Referring to Tamil Nadu, which is facing elections in the next few months, PM Modi said that India takes pride in its rich and vibrant traditions. He described Pongal as a festival that reflects a harmonious balance between nature, and society.

Speaking about the socio-cultural bonding associated with the festival, PM Modi said, "In Tamil life, Pongal is a delightful experience, embodying gratitude towards our farmers, earth and sun. It teaches us the importance of harmony with nature, family and society. At this time, other regions of India too are immersed in festivities — Lohri, Makar Sankranti, Magh Bihu and more."

PM Narendra Modi offers prayers during Pongal celebrations at the residence of Union MoS for Parliamentary Affairs L Murugan in New Delhi on Wednesday | PTI

Recalling that he had the opportunity to take part in several events connected with Tamil culture, the PM said, "I offered prayers at the 1,000-year-old Gangaikonda Cholapuram temple in Tamil Nadu. During the Kashi Tamil Sangamam in Varanasi, I felt the vibrant energy of cultural unity every moment I was there. When I visited Rameswaram for the inauguration of the Pamban Bridge, I once again witnessed the grandeur of Tamil history." Praising Tamil culture, he further said, "Tamil culture is not only India's, but humanity's shared heritage. The spirit of Ek Bharat Shreshtha Bharat finds strength in festivals like Pongal."

The PM also described Tamil culture as one of the oldest living civilizations. "Tamil culture connects centuries together, learning from history and guiding the present towards the future. Inspired by this, today's India draws strength from its roots and moves forward towards new possibilities," he said.

Referring to the way farmers are regarded in TN as the foundation of life, the PM quoted the Tirukkural (a classic Tamil text) and said, "The Tirukkural speaks extensively about agriculture and farmers. Our farmers are strong partners in nation-building, and their efforts give immense strength to the mission of Atmanirbhar Bharat — a self-reliant India." Reiterating his government's commitment to farmers, he said, "The central government too remains committed to empowering farmers and is working continuously in this direction."

Explaining the Pongal's cultural essence, Modi said that the festival inspires people to ensure that gratitude towards nature is not confined to words, but becomes a way of life. "For the next generation, keeping the soil healthy, conserving water and using resources wisely are of utmost importance.

EVEN as both the UDF and the LDF vie for the support of Kerala Congress (M), party chairman **Jose K Mani** on Wednesday made a cryptic remark, saying power would remain wherever KC (M) stands.

"There will be calls from various quarters inviting KC (M). However, KC (M) will remain firm with the LDF. No one needs to be concerned about us. KC (M) has only one stand, which is with the LDF. It is unnecessary to reiterate the party's position daily," he said.

"There is no divide within the party. All five MLAs will stand together when the party takes a decision," he said. Additionally, he dismissed any political significance regarding his absence from the last two LDF meetings.

While the Congress leadership, with the backing of the Indian Union Muslim League (IUML), has stepped up efforts to bring KC (M) back into the UDF fold, the LDF appears to have begun damage-control measures by offering special consideration to the regional party to keep it within the ruling front.

Kerala Democratic Party leader Mani C Kappan met IUML leader P K Kunhalikutty and conveyed that he would not relinquish the Pala Assembly seat. As part of these efforts, Kerala has taken an urgent decision to allocate land for setting up a memorial for KM Mani, the late patriarch of the Kerala Congress.

The state cabinet decided to lease out 25 cents of land, currently in the possession of the Kerala Water Authority at Vellayambalam in the state capital, to the KM Mani Foundation to set up the KM Mani Memorial Institute for Social Transformation.

ADVOCATING PEACE

Pinarayi: Use art as weapon to counter divisive forces

EXPRESS NEWS SERVICE @ Thrissur

CHIEF Minister Pinarayi Vijayan on Wednesday slammed attempts by certain forces to destroy the peace and happiness in society in the name of religion and called for employing art as a weapon against such efforts.

"We have heard about the attacks on Christmas carol processions in various parts of the country. Communal forces try to spread hatred and divide people on the basis of religion. It has reached a stage where even movie characters cannot be named Sita or Janaki. Art should be used as a weapon against such elements that destroy the peace and joy in society," he said inaugurating the 64th State School Kalolsavam.

"This generation of young artists should be ambassadors of our social and cultural amalgamation. Kerala is a land where children of all communities perform kathakali, oppana, mappilapattu and margamkali together on the same stage. This is an extension of the great culture of this land and we are duty-bound to uphold it," he said.

Pinarayi noted that art should be used to throw light on the burning issues in peoples' lives. Noting that the first kalolsavam was held in 1956 in Ernakulam, the CM also detailed the history of the festival.

"The first arts festival was held at the SRV Girls High School. Around 200 students from various parts of the state participated in the one-day event. Later it paved the way to sub-district, district and state festivals. In 1975, the kalolsavam first included art forms such as kathakali, mohiniyattam, classical music and aksharalokam. The State School Kalolsavam came into being in 2009. Over a period of 70 years, this annual event has witnessed tremendous changes. From just 200 participants in 1956, we have grown to over 14,000 participants," he said.

Union minister of state Suresh Gopi extended all support for the festival. "As an artist, I feel immensely blessed to be on this stage for the inaugural ceremony and I am grateful for the voters who chose me who made this possible," he said.

Riya Shibu, who gained attention with her role in the recently released Malayalam movie Sarvam Maya, was the chief guest. "As a child, I lacked self confidence. But as I matured, I understood that my bad days don't define me. To the many participants here I say: Never let one bad performance define you. Keep polishing your skills," she said.

'Majority of tree hole nests abandoned'

CONTINUED FROM PAGE 1

Oumkar Umesh, a wildlife enthusiast, says, "There are two jetties newly constructed near the Supa bridge across the Kali. Aveda and Ilava near Ganeshgudi were very good bird sites. Now hornbills have vanished from these places."

"Most of these tree hole nests have been abandoned by the nesting pairs. Even if, 10 percent of the tree holes are converted to nesting, there would be a difference," Umesh says. "The birds used to roost en masse in Gundh, Ambikanagar and other places. Most of these are part of the hornbill conservation reserves," he adds.

In Ganeshgudi 12 jetties now cater to tourists, where once Malabar pied hornbills used to mud bath. "Photographers used to come in search of such places. Now too much disturbance has shooed the birds away," says Oumkar.

Another haunt for hornbills was the Dandeli wood depot. Now the muddy areas have been tarred and turned into gleaming roads.

Some birdwatchers, however, retain optimism. "Indeed, there are fewer hornbills in Ganeshgudi due to new jetties. Very few birds come to Dandeli wood depot. But they have not gone too far. They have shifted to isolated patches nearby. Many of us are aware of it," says Rajini, a birdwatcher in Dandeli. Birdwatchers say the state forest department has not initiated any specific programmes for conservation of hornbills. Experts say that fruiting trees and the climate of the region are ideal for hornbill conservation.

However there has been a massive felling of trees for a water pipeline project in Dandeli in recent years, adding to the vanishing of hornbills from the region, they recall ruefully.

Thiruvabharanam being taken up the 18 holy steps; Devotees pray during the sighting of Makaravilakku | SHAJI VETTIPURAM

Thousands witness Makarajyothi

EXPRESS NEWS SERVICE
@ Sabarimala

AT SABARIMALA

IN a surcharged atmosphere of religious fervour and gaiety, thousands of devotees witnessed Makaravilakku after adorning Thiruvabharanam on the idol of Lord Ayyappa on Wednesday.

Earlier on the arrival of the Thiruvabharanam in front of the sreekovil, thantri Kandararu Mahesh Mohanaru and melsanthi ED Prasad received the sacred golden attire and performed the deeparadhana.

Immediately after the deeparadhana, Makarajyothi was visible on the eastern horizon. Devaswom minister VN Vasavan, Travancore Devaswom Board president K Jayakumar, members P Raju and Santhoshkumar, and MLAs Pramod Narayan and K U Jenishkumar were present during the ceremony. As part of the Makaravilakku ceremony, the customary Malikappuram procession, carrying the thidambu of the Goddess, began from the Malikappuram temple at 8 pm with the accompaniment of percussion instruments. The hour-long procession concluded in front of the holy steps at Lower Thirumuttam and returned to the devi temple. The customary Malikappuram procession will conclude on January 18.

Earlier at 5 pm, the Thiruvabharanam procession was accorded a traditional reception on arrival at Saramkuthi by a devaswom team. After the reception, the devaswom team led the Thiruvabharanam procession to the Sopanam with hundreds of Ayyappa Seva Sangam volunteers accompanying it on the one-km route.

Makarasamkrama pooja, the most auspicious time during the Malayalam year with the Sun switching to Utharayanam from Dakshinayanam, was performed at 3.08 pm. As part of the ritual, the thantri conducted neyyabhishekam using the ghee from the "mudras" brought by the representative of the Travancore royal family.

Two NTV scribes arrested for defamatory content

EXPRESS NEWS SERVICE
@ Hyderabad

TWO days after the Director General of Police (DGP) formed a Special Investigation Team (SIT) to investigate two cases — one involving an allegedly humiliating video of Chief Minister A Revanth Reddy and another related to alleged fake news about a bureaucrat and a minister — two journalists from vernacular news channel NTV were arrested on Wednesday for airing alleged defamatory content against a minister and a woman IAS officer.

Donthu Ramesh was picked up from Hyderabad airport in the early hours of Wednesday while he was about to fly to Bangkok with his family for a vacation. The police also detained another NTV journalist, Paripurna Chary. After questioning him at the Central Crime Station (CCS), the police released Chary later in the evening. The other two journalists — input editor Ramesh and reporter Sudheer — were taken to the government hospital at King Koti and later produced before a magistrate. The SIT conducted searches at the NTV office twice on Wednesday, questioned staff and seized some material. The complaint was lodged by IAS Officers Association secretary Jayesh Ranjan on behalf of the Association against several news and social media channels.

The complaint cited violation of privacy and indecent representation of a woman IAS officer, affecting her dignity.

SAPTHAGIRI INSTITUTE ORGANISES CONFERENCE FOR MBBS STUDENTS

Bengaluru: Sapthagiri Institute of Medical Sciences & Research Centre, under Sapthagiri NPS University, organised a conference -- SIMSCON 2026-UG Clinic Insight Series: Learn, Discuss, Apply -- from January 3 to 10. The event, conducted for final-year MBBS students, focused on bridging theoretical knowledge and clinical application, enhancing basic science understanding, diagnostic reasoning, clinical examination skills and structured case presentation, in line with the competency-based medical education curriculum. It featured interactive clinical case discussions led by external clinicians, basic science experts, in-house and super-specialty faculty members, with an emphasis on patient-based learning and interdisciplinary integration. **ENS**

JNCASR INAUGURATES INTERNATIONAL CONFERENCE ON MOFS

Bengaluru: The Jawaharlal Nehru Centre for Advanced Scientific Research, Bengaluru, is hosting MOFES 26, an international conference on Metal-Organic Frameworks (MOFs) and Porous Organic Polymers for Energy and Sustainability, till Thursday. The event marks scientific initiative led by Indian researchers, focusing on porous materials and their role in clean energy, environment and sustainability. This is a first large-scale international conference dedicated exclusively to MOFs, Covalent Organic Frameworks, Porous Organic Polymers and related materials. Following the 2025 Nobel Prize in Chemistry for MOFs, the conference is expected to bring host about 350 participants from across the world, including over 200 students and young researchers, and will feature around 70 plenary, keynote and invited lectures by leading scientists. Key themes include carbon capture, hydrogen storage, catalysis, energy storage and environmental remediation. Conveners Prof. Tapas K Maji and Prof. S Balasubramanian said the event aims to position India at the forefront of global porous materials research. **ENS**

WILDFIRE SCARE

Forest dept shuts trekking routes ahead of dry spell

BOSKY KHANNA @ Bengaluru

To mitigate man-animal conflict and prevent wildfires, forest divisions across the state are gradually closing down the trekking routes inside forest areas and their surroundings.

Kudremukh Wildlife Division's Deputy Conservator of Forests Sivaram Babu M said orders have been issued to close down until further orders all eight trekking routes inside the forest patch from January 13.

"Unlike other countries, forest fires in India are man-made. There have been many incidents in the past, where trekkers have triggered forest blazes, both intentionally and unintentionally. Despite a thorough check, multiple awareness programmes and deployment of guides, trekkers have started fires. Hence, this time it has been decided that trekking will be closed down across the state as the grass patches will soon start to get dry," said a forest department official, not wanting to be named.

Another reason for closing down the trekking routes is the ongoing tiger census. "The staffers are engaged in the estimation exercise and patrolling for mitigating man–animal conflict. Deploying additional staff for trekking will only make matters worse. Also, since no volunteers are being recruited for the estimation exercise, people are being kept out of bounds," said the official.

The state forest department, through its Aranya Vihar portal, offers opportunities for trekking in 37 locations across 12 districts in the state. The portal was started to streamline the applications, restrict the numbers of trekkers and control illegal activities. Kudremukh division alone offers eight trekking routes, the most popular being Kudremukh and Netravathi trek, each of which receives around 300 trekkers every day.

Forest officials in Virajpet, Madikeri and Bengaluru rural said the grass is still green in some patches due to light rain, and trekking has not yet been closed on such tracks. However, they will eventually be closed as the wind pattern changes and the season starts to get drier.

In Ramanagara, Tumkurur and Kolar, the officials are surveying the regions before closing down the tracks.

Forest officials said warnings have been given to resorts and hotels not to take people inside forests without permission. "We are monitoring social media platforms to check on illegal trekking groups. Talks are on with revenue department officials to shut trekking routes in buffer zones," the officials said.

INDIA & EUROPE NEED RULES-BASED TIES AMID COERCIVE GEOPOLITICS

INDIA'S engagement with Europe is entering a consequential phase. A flurry of high-level visits, expanding trade ties and shared anxiety about global instability all point to a recognition that this partnership must move beyond symbolism and become a pillar of economic and strategic resilience.

Trade remains the anchor. The European Union is India's largest trading partner in goods, absorbing roughly 17 percent of Indian exports. What is changing is the breadth of this relationship. The big European powers remain central, but countries such as Spain, Belgium and Poland are emerging as fast-growing destinations for Indian exports, broadening India's commercial footprint across the 27-nation bloc. A long-delayed India-EU free trade agreement, if concluded, could further boost competitiveness in garments, pharmaceuticals and engineering goods at a time of demand uncertainty worldwide.

Yet, the relationship is no longer defined by trade alone. Europe's turn towards strategic autonomy has made it a more serious geopolitical actor. This creates space for deeper cooperation with India in critical technologies, clean energy, digital governance, artificial intelligence and resilient supply chains. For Europe, India offers scale, growth and credibility in the Indo-Pacific. For India, Europe offers capital, technology and regulatory depth without the volatility of some other major powers.

The India-Middle East-Europe Economic Corridor, launched at the G20 summit in New Delhi, gives this convergence a physical form. Built on the three pillars of transport, energy and digital connectivity, IMEC aims to integrate rail, port, power and fibre-optic networks across the continents. By cutting Asia-Europe transit times by about 40 percent and generating an estimated $5.4 billion in annual trade savings, the corridor, whose future is now obscured by regional conflicts, promises to offer a broader alternative to single-country initiatives such as China's Belt and Road.

This alignment, however, is not without friction, most notably on Russia. Europe's approach is shaped by proximity to war, sanctions and a hardening view of Moscow as a direct security threat. India's stance is far from it. This divergence is real, but it need not be disqualifying. What matters is that India and Europe increasingly agree on strategic realism—that the broader objective is to prevent a fragmented global order dominated by coercion and closed blocs. As power shifts, India needs scale, technology and rules-based partners. Europe fits that bill. A decisive India-EU partnership can shape a resilient, balanced global order.

PROBE THOSE WHO CASHED IN ON GRABBED INFRA LAND

THREE decades after its conception, the Karnataka High Court has directed the state government to scrap the Bangalore-Mysore Infrastructure Corridor project and undertake a comprehensive review. The court was unsparing in its assessment: since the project was conceptualised in 1996, barely 1 km of the proposed 111-km expressway has been built and none of the five planned townships has materialised. A technical report submitted in August 1995 had envisaged an expressway between Bengaluru and Mysuru, peripheral roads connecting national highways, and residential, industrial and commercial hubs, along with five self-sustaining townships from Bidadi to Srirangapatna. Nandi Infrastructure Corridor Enterprise (NICEL), the concessionaire, did construct tolled roads linking the city to its outskirts. However, vast tracts of land acquired at negligible rates from farmers lie unused even decades later.

That 13 successive governments allowed the project to drift reflects sustained political and administrative abdication cutting across parties. Conceived during a JD(S) regime, the corridor was presented as a development catalyst in the Vokkaliga belt, but successive governments failed to either enforce contractual obligations or protect landowners' interests. While JD(S) leaders H D Deve Gowda and H D Kumaraswamy later highlighted the distress of farmers who sold land that has since become prime real estate, these concerns emerged long after the damage was done. NICEL was entitled to acquire only 13,237 acres of private land, yet 29,267 acres were notified. Of these, 13,404 acres remained under preliminary notification for 25 years, freezing livelihoods. A 2016 House committee detailed serious irregularities involving NICEL, its promoter Ashok Kheny and officials: land acquired at throwaway prices, stamp duty exemptions for 14,337 acres, illegal allotment of 20 lakes, and repeated violations of concession terms, including sale and mortgaging of unused land.

Recent interventions have begun to correct the record. In July 2025, the high court quashed acquisition notifications issued between 1998 and 2009, granting relief to landowners. The state cabinet has proposed returning 13,418 acres to farmers, while other notified parcels remain under review. Yet, such measures alone are insufficient. The project stands exposed as a large-scale land grab enabled by political patronage and bureaucratic complicity across regimes. Those who profited from it must now be identified, investigated and held accountable. Only then can the state claim to have closed a chapter marked by dispossession and institutional failure.

QUICK TAKE

ABANDON KITE ARMS RACE

WHILE kite festivals are being celebrated, several deaths are being reported from throats slit by barely-visible manja threads strung across roads. After two such deaths within 45 days in Indore, the Madhya Pradesh High Court has banned the sale and use of the razor-sharp 'Chinese nylon manja'. Accidents have been reported in Karnataka, Telangana and Uttar Pradesh, too. Indians have been using manja—a paste of abrasive materials like finely-crushed glass—for centuries. Even the use of nylon threads is decades old. What has changed in recent years is the explosive growth in population and two-wheelers. Charging parents with deadly negligence if nylon manja is used could be a deterrent. Beyond that, let's enjoy the sight of soaring kites, abandon this silly 'arms race' and go back to simple, brittle cotton threads.

By forcing brute American power on Latin America, Trump is blending reality with the surreal. None of it is likely to go according to plan in this diverse region

A CHRONICLE OF MAGIC REALISM FORETOLD

M K BHADRAKUMAR
Former diplomat

MANDAR PARDIKAR

DURING the past 10 days that shook the world, two fault lines have appeared in international politics—principally, the regime change project of the US President Donald Trump in Venezuela and, two, a potential break-up of the Western alliance.

If only the celebrated Latin American literary giant Gabriel García Márquez were alive today, this would have been a fitting moment in his tumultuous career—marking the entry of magical realism, a literary genre blending the mundane with the fantastic, into the realm of geopolitics.

Herein lies a paradox. While Trump may have missed the Nobel Peace Prize, he can still claim a legacy of making magical realism a global phenomenon in politics—a potentially more enduring legacy for some. He has succeeded in situating us onlookers in a predominantly realistic setting while his fantasies are rolling out in an unreal world, with unreal characters. He brings alive García Márquez's powerful metaphor of cows wandering through and eating the curtains inside a deposed dictator's home.

The regime change in Venezuela had an easy explanation—it is a vivid display of the Trump administration's prioritisation of the Western hemisphere in its foreign policy strategies, as outlined in the recent National Security Strategy released by the White House. This hypothesis was articulated, albeit somewhat crudely, by Secretary of State Marco Rubio, the most experienced top diplomat in the entire Trump team, when he spoke to a TV network on Sunday, "This is the Western hemisphere. This is where we live—and we're not going to allow it to be a base of operations for adversaries, competitors and rivals of the United States."

All sorts of atavistic fears appear to be swirling in Rubio's subconscious mind, vaguely hinting that the US, like an ageing lion losing its mane, is coming home for better cooling and hunting in a thorny terrain, but where it also has to contend with predators who appeared to settle old scores—Russia, China and Iran in particular.

Venezuela is synonymous with energy security. If China accounts for around 80 percent of Venezuela's oil exports in recent years, Russia and Iran are Caracas's team-mates in the Great Game over the petrodollar. If China has quietly 'de-dollarised' its oil trade with Venezuela, Russia and Iran are world champions in beating American sanctions. All this has been going on right under the nose of the Americans, who couldn't do anything about it.

To be sure, there's a long haul ahead for Trump. Mexico, for instance, is a challenge equivalent to Venezuela multiplied by at least five—with a 2,000-mile long land border with the US, its political economy rests firmly on a bizarre institutionalised bonding between its leftist ruling elite and the mafiosi (with collaborators in the US). President Claudia Sheinbaum is seeking a settlement with Trump, had a "good conversation" with him and even ruled out a US invasion.

On the other hand, Cuban President Miguel Díaz-Canel remains defiant, unimpressed by the shock and awe of the US's secret strategic weapon (sourced from microwave generators) generating ultra-high-frequency electromagnetic radiation.

Trump cannot emulate *Ali Baba and the Forty Thieves* by simply chanting the magical phrase 'Open Sesame' to lure the regional states to come over to his side. Ever since the US transitioned in the mid-20th century to a more proactive international strategy—with the state department officially declaring the end of the Monroe Doctrine era—the Western hemisphere has transformed beyond recognition. Trump himself admitted as much when, on January 3, he rechristened it as the 'Donroe Doctrine'.

Simply put, it is impossible to make a chastity belt to lock the elected leaders of such a vast, uncontrollable continent teeming with poets and guerrillas, or neutralise Chinese and Russian influence in the region—and, all this is to be completed by 2028. What was done to Venezuelan President Nicolás Maduro will only increase anti-American sentiment, complicating the Donroe Doctrine. Presidential elections are coming up in Colombia and Brazil, where left-wing forces are predicted to win.

Russia is not the Soviet Union, and Moscow and Beijing have no misconceptions that Trump's military operation in Venezuela aims to establish unlimited control over the country's natural resources and assert Washington's hegemonic ambitions in Latin America. Over and above, it remains an 'unknown unknown' how Trump's experimentation in creating a new oligarchy in Caracas will end up. What if a 'new Maduro' emerges at the top of the heap eventually?

Again, the plain truth is that the countries in the region that are committed to cooperation with Beijing are themselves reluctant to reorient themselves towards Washington. Trump's abacus may tell him that the combined oil reserves of Venezuela, Guyana and the US will give him sway over almost 30 percent of the global total—and put him in a commanding position over international oil markets. But the oil market has hidden charms, too, as Russian President Vladimir Putin or Saudi Crown Prince Mohammed bin Salman know only too well. Simply put, the oil market is such that while Saudi Arabia can pump crude at a cost of less than $10 a barrel, his kingdom needs prices above $100 to bring its fiscal deficit down to zero. Therein hangs a tale.

Big Oil cold-shouldered Trump when he graciously proposed that the industry should invest at least $100 billion to rebuild Venezuela's energy sector with US security guarantees. It emerges from reportage that it was a stormy meeting, as most CEOs told Trump that Venezuela would need big changes to attract investment. ExxonMobil CEO Darren Woods said point-blank that the country is "uninvestable" in the current state. ConocoPhillips CEO Ryan Lance said Venezuela's energy system needed to be restructured first. Chevron, the only US oil major operating in Venezuela through joint ventures with the State-owned Petróleos de Venezuela, responded that the company may be able to increase production "within our own disciplined investment schemes by about 50 percent just in the next 18 to 24 months".

Trump has since threatened to punish ExxonMobil—historically, a veritable state within the US in its scale, global reach and immense economic power, which allows it to function like a sovereign entity and operate across jurisdictions and regulations due to its integrated operations.

HUMAN COST OF NEED FOR SPEED

TULSI JAYAKUMAR
Professor, finance and economics, and Executive Director, Centre for Family Business and Entrepreneurship at Bhavan's SPJIMR

WHEN delivery workers in several major cities logged out of their apps in a coordinated manner near the end of last year, it forced India to confront an uncomfortable truth. While business circles continue to celebrate the emergence of business models that promise speed through technological prowess, the 10-minute delivery proposition must also be seen for what it is: a social experiment whose costs are disproportionately borne by those with the least power to refuse.

For many young urban migrants and new entrants in the labour market, platform work has become a default option rather than a short-term stopgap. Yet, research by the International Labour Organization has consistently noted that this growth has been accompanied by a fundamental reorganisation of work itself, where stable employment is replaced by task-based engagements governed by algorithms.

In this system of management, performance is continuously monitored through delivery times, customer ratings and acceptance rates, while the decision-making remains opaque to workers. Studies under the Oxford Internet Institute's Fairwork Project show that such opacity generates income volatility and heightens workers' dependence on platform-determined incentives. The health and cost implications are borne by the workers rather than the firms that profit from these systems.

Against this backdrop, the recent logouts must be understood as a sign of structural strain. They raise pressing questions about how India's platform economy is governed, who absorbs the costs of speed, and whether the current regulatory frameworks are equipped to deal with the form of work.

Much of the sector's defence of ultra-fast delivery rests on technical explanations. They argue that delivery times are determined not by rider behaviour but by dense networks of neighbourhood warehouses, optimised routing and short distances. In theory, this frames speed as a logistical outcome rather than a labour issue.

However, studies by the International Transport Workers' Federation and Fairwork India highlight that time pressure is experienced not simply in terms of distance but through the cumulative micro-delays resulting from traffic congestion, access barriers in apartment complexes, weather disruptions and order batching that remain invisible to algorithmic systems. Our cities are not spreadsheets, and the friction that defines everyday urban life is rarely captured in neat delivery-time calculations.

Platforms rely on automated metrics, not human supervision, to determine workers' access to future orders. Thus, they shape worker behaviour while denying employer obligations. The lack of transparency makes it difficult for workers to contest penalties or understand how to improve their standing.

PTI

> As companies are rethinking 10-minute deliveries, we must understand the result of such promises. Opaque, algorithm-based incentives compel workers to imperil themselves to improve ratings and earnings. The new labour codes do not help. We need an independent fairness index for gig platforms

This opacity has material consequences. Research by the Centre for Sustainable Employment and the ILO shows that platform workers often experience income instability even during periods of high demand, as incentive structures shift unpredictably and penalties are imposed retroactively. In such conditions, workers may prioritise speed over safety as a rational response.

In India, the Code on Social Security, 2020 recognises gig and platform workers as a distinct category—an important conceptual step. Yet, the recognition has not translated into robust protection. By linking eligibility for insurance and benefits to minimum engagement thresholds—90 days on one platform or 120 days across several—the State has inadvertently mirrored the logic of the platforms themselves.

In a system marked by high churn, unpredictability and frequent account deactivations, many workers will never remain visible long enough to qualify. The continued classification of workers as independent contractors further allows platforms to shift operational risks outwards. Fuel price volatility, insurance gaps and the absence of paid leave are treated as individual problems rather than systemic features. This fragmentation weakens collective voice even as dependence on platform income deepens. What emerges is a new kind of urban buffer class—present when demand surges, absent when liabilities arise. Flexibility, once framed as empowerment, increasingly resembles instability by design.

If India is to preserve both innovation and dignity, the next phase of platform regulation must prioritise transparency over speed. One practical step would be the creation of a publicly-visible fairness index for gig platforms—an independently governed rating system that evaluates companies on labour integrity rather than delivery velocity. Much like energy efficiency labels or food safety standards, it would allow consumers, regulators and investors to see what currently remains hidden.

The index's key dimensions could include income viability (net earnings meeting local living wages), time realism (delivery promises adjusted dynamically for traffic, weather and peak congestion), due process (a human-led mechanism to contest suspensions and penalties), and social protection (insurance and accident cover from the first day of work).

The goal is not to halt innovation, but to re-anchor it in social reality. The protests should be read as a warning signal. They point to a widening gap between the speed promised to customers and worker security. India needs to re-think its quick-commerce terms. If platform growth is to align with broader development goals, attention must shift from headline innovation metrics to the everyday working conditions. Convenience, after all, is a design choice—not a natural law.

Kashi-Tamil Sangamam: A tribute to Ek Bharat, Shreshtha Bharat

OPINION

NARENDRA MODI
Prime Minister of India

A few days ago, I was in the sacred land of Somnath to be part of the Somnath Swabhiman Parv, marking the 1,000-year anniversary of the first attack on Somnath, which took place in 1026. People from all across India had come to be part of this moment of remembrance, united by a shared reverence for India's history, culture, and the enduring spirit of its people. During the programme, I met a few people who had previously come to Somnath during the Saurashtra-Tamil Sangamam and had been to Kashi during the Kashi-Tamil Sangamam. Their words of appreciation for such platforms touched me, so I thought I would share a few thoughts on this subject.

During one of the Mann Ki Baat programmes, I had said that not learning Tamil is a major regret of my life. Fortunately, over the last few years, our Government has had several opportunities to further popularise Tamil culture across India and to deepen the spirit of 'Ek Bharat, Shreshtha Bharat'. A prime example of such an effort is the Kashi-Tamil Sangamam. In our ethos, Sangam or confluence has a special place. Seen in this light, the Kashi-Tamil Sangamam stands out as a truly distinctive initiative, one that celebrates the living unity of India's many traditions while honouring their unique identities.

And what better place than Kashi to host such a Sangamam? The same Kashi, which has remained a civilisational anchor from time immemorial... where, for thousands of years, people from all over have come in search of knowledge, meaning and Moksha.

Kashi's connection with Tamil people and culture is very deep. Baba Vishwanath resides in Kashi, while Rameswaram is in Tamil Nadu. Tenkasi in Tamil Nadu is known as Kashi of the south or Dakshin Kashi. Saint Kumaraguruparar Swamigal forged a lasting link between Kashi and Tamil Nadu through his spirituality, scholarship and institution-building. Mahakavi Subramania Bharati, one of Tamil Nadu's greatest sons, found in Kashi a space of intellectual growth and spiritual awakening. It was here that his nationalism deepened, his poetry sharpened, and his vision of a free, united India took clearer shape. There are several such instances that highlight this close bond.

The first edition of Kashi-Tamil Sangamam took place in 2022. I recall attending the inauguration programme. Scholars, artisans, students, farmers, writers, professionals and many others from Tamil Nadu travelled to Kashi, Prayagraj and Ayodhya.

Subsequent editions expanded the scale and depth of this effort. The aim was to keep introducing fresh themes, innovative formats and deeper engagement, thus ensuring that the Sangamam continued to evolve while remaining rooted in its core spirit. In the second edition in 2023, technology was used on a larger scale to ensure that language does not become a barrier for people. In the third edition, the focus was on Indian knowledge systems. At the same time, academic discussions, cultural performances, exhibitions and interactions witnessed greater participation. Thousands of people have taken part in these events.

The fourth edition of the Kashi Tamil Sangamam commenced on December 2, 2025. The theme picked was very interesting: Tamil Karkalam - Learn Tamil. It presented a unique opportunity for people in Kashi and across the country to learn the beautiful Tamil language. Teachers from Tamil Nadu came, and the students of Kashi had a very memorable experience!

There were many other special events this time.

Tholkappiyam, the ancient Tamil literary classic, was translated into 4 Indian languages and 6 foreign languages.

The Kashi-Tamil Sangamam, which celebrates the living unity of India's many traditions, has delivered meaningful outcomes like strengthening cultural understanding, fostering academic and people-to-people exchanges and creating bonds between parts of the country that share a civilisational ethos. We want to make this platform even more vibrant

A unique event, Sage Agasthya Vehicle Expedition (SAVE), was undertaken from Tenkasi to Kashi. Along the way, various initiatives, including camps for eyes, health awareness, and digital literacy, were held. The expedition paid homage to King Adi Veera Parakrama Pandiyan, the great Pandya ruler who spread the message of cultural oneness. There were exhibitions at Namo Ghat, academic sessions at Banaras Hindu University, and cultural programmes.

One of the things that makes me most happy about the Kashi-Tamil Sangamam is the participation of thousands of youngsters. It illustrates the passion among our Yuva Shakti to deepen their connection with our roots. It is a brilliant platform for them to showcase their talent and creativity during the various cultural programmes.

In addition to the Sangamam, efforts have been made to make the journey to Kashi memorable for the participants. The Indian Railways operated special trains to take people from Tamil Nadu to Uttar Pradesh. In many railway stations, particularly in Tamil Nadu, they were cheered, and the train journey was marked by melodious songs and conversations.

Here, I would also like to appreciate my sisters and brothers of Kashi and Uttar Pradesh for their warmth and hospitality shown to the delegates of the various Kashi-Tamil Sangamams. Several people opened the doors of their homes for the guests from Tamil Nadu. The local administration worked around the clock to ensure the guests had a seamless experience. As the MP from Varanasi, I could not be prouder!

This time, the valedictory function of the Kashi-Tamil Sangamam was held in Rameswaram, and it was graced by the Vice President of India, Thiru CP Radhakrishnan Ji, who is himself a proud son of Tamil Nadu. He delivered a very inspiring address, emphasising India's spiritual greatness and the ways in which such platforms deepen national integration.

The Kashi Tamil Sangamam has delivered meaningful outcomes, such as strengthening cultural understanding, fostering academic and people-to-people exchanges, and creating lasting bonds between parts of the country that share a civilisational ethos. In the coming times, we want to make this platform even more vibrant. Most importantly, it has furthered the spirit of 'Ek Bharat, Shreshtha Bharat'. This spirit has flourished for centuries through our festivals, literature, music, art, cuisine, architecture, systems of knowledge and more.

This time of the year is very auspicious for people across the length and breadth of India. People are enthusiastically marking various festivals like Sankranti, Uttarayan, Pongal, Magh Bihu, which are, among other things, associated with the Sun, nature and farming. These festivals bring people together and deepen the spirit of harmony in our society. I convey my best wishes for these festivals and hope they continue to inspire us to deepen national unity through our shared heritage and collective participation.

Ordeal of Indian students in Iran

Majority of 3,000-plus medical students are from Kashmir, with parents seeking govt help

S LALITHA @ New Delhi

THE advisory by the Indian embassy in Iran on Wednesday, asking all Indian nationals to leave the West Asian country by any available transport mode due to the escalating situation, has sent alarm bells ringing among parents and students, most of them pursuing medicine. Financial reasons or the refusal by a leading university to hand over their passport to return have put them in a quandary.

With a majority of the 3,000-plus medical students hailing from Kashmir, the All India Medical Students Association (AISMA), J&K, has appealed to Prime Minister Narendra Modi to arrange evacuation of students. With most communication channels to Iran blocked, the students' parents are worried about their safety. Students could not be contacted as calls were not going through.

AISMA vice-president Dr Mohammad Momim Khan, whom students kept calling repeatedly seeking help, spoke to this newspaper. "Every Indian student wants to return now. Some were crying on calls as they did not have the money for the ticket which costs around ₹30,000. Parents are willing to send the money but it is not possible to send it across to Iran as all channels are barred. Hence, we want the PM and the Ministry of External Affairs to assist in bringing back the students to India," Dr Khan said.

Both the daughters of Aga Mehmood, a government employee in Srinagar, are studying in Iran, one pursuing her third-year MBBS in Tehran Institute of Medical Sciences and another at Shahid Beheshti University of Medical Sciences (SBUMS), also in Tehran. "Parents and the children are filled with fear and anxiety after the advisory was released today asking everyone to leave. My daughters have the money for their tickets but it is not the case with many other students studying there. Many parents are worried as their children do not have the money on hand right now. They are willing to pay the money for the air fare but want the external affairs ministry to facilitate their return safely," Mehmood said.

Referring to his family, he said his older daughter was planning to come home on a vacation on January 20 and her ticket and exit visa were already ready. "We are worried for my daughter at SBUMS. The passport has to be submitted with the Iranian government through the university. The ongoing exams have presently been put on hold. They are now insisting that the students complete the exam and leave only by January 20 without understanding the gravity of the situation.

She as well as over 500 Indian students studying at this university do not have an exit visa to leave the country," he said.

Sirajuddin Taq, a resident of Baramullah, is worried for his son who is pursuing his third year at SBUMS. "My son just called me. We cannot call them back but most students use some local phone to call us. The Indian embassy there will be holding talks with the university officials in connection with handover of the passports. This was the news he told me now," said Taq.

No airline from India operates there and most generally travel by Mahan Air, a privately owned Iranian airline based in Tehran, said parents.

Some were crying on calls as they did not have the money for the ticket which costs around ₹30,000. Hence, we want the PM and the MEA to assist in bringing back the students to India," Dr Khan said.

Home secy flags staff shortage, seeks more IPS officers for CAPFs

MUKESH RANJAN @ New Delhi

THE stagnation of Central Armed Police Forces (CAPFs) cadre officers may continue to linger for a while, as the Union Ministry of Home Affairs (MHA) has written to the states seeking nominations of more IPS officers for central deputation, who will be posted to senior positions in Paramilitary organisations.

In the letter, Secretary Govind Mohan also spoke about the shortage of officers in Central Police Organisations (CPOs), including the CBI, the NIA, and the Narcotics Control Bureau (NCB).

The stagnation of CAPF cadre officers has been a major issue of concern for them, and this led them to approach the Supreme Court, which gave a ruling on May 23, 2025, to "progressively reduce" the deputation of IPS officers in the senior administrative grade (SAG) or up to the rank of Inspector-General in the CAPFs. Following this, the Union government filed a review petition in the apex court, which was dismissed on October 28, 2025.

The court's order came in the backdrop of reserved positions for IPS officers in the ranks of Deputy Inspector-General (20 percent) and Inspector-General (50 percent). Around 13,000 CAPF officers were supposed to benefit from the judgment, leading to faster promotions and overcoming stagnation.

The MHA is the cadre-controlling authority for both CAPF personnel and IPS officers. At present, out of the 188 posts at the DIG/IG level reserved for IPS officers in the CAPFs, including the BSF, CRPF, CISF, ITBP, and SSB, 36 posts are vacant.

A CAPF official said that presently, an officer who joins as Assistant Commandant (AC) takes nearly 25 years to be promoted to Commandant, whereas he or she should attain the required seniority in 13 years.

A DIG rank CAPF official said he reached the position after 31 years of service, against the 21-year requirement.

In the letter, the Home Secretary noted that 40 percent of senior duty posts in each cadre are earmarked as Central Deputation Reserve (CDR). "However, it has been the experience that some of the States/cadres do not send a sufficient number of nominations for Central deputation," the Home Secretary said in the letter.

Further, the State governments send the names of senior IPS officers, but they do not propose names for appointment from Superintendent of Police to Inspector-General, he added. "It would, therefore, be appropriate if a conscious attempt is made by the State governments to forward the nominations of officers for deputation in such a manner that officers of different levels/ranks are adequately and proportionately represented, as well as every eligible officer gets an opportunity to serve at the Centre," the letter read. Mohan also flagged delays caused by states withdrawing officers after selection or failing to relieve them.

Insufficient nominations for Central deputation

In the letter, the Home Secretary noted that 40% of senior duty posts in each cadre are earmarked as Central Deputation Reserve. "However, it has been the experience that some of the States/cadres do not send a sufficient number of nominations for Central deputation," the Home Secretary said.

Capt Sabharwal's nephew called for AI crash probe, pilots' association sees red

S LALITHA @ New Delhi

THE Aircraft Accident Investigation Bureau (AIIB) probing the Ahmedabad Dreamliner crash on June 12 last year, which resulted in 260 deaths, has summoned the nephew of late Captain Sumeet Sabharwal to appear before it on January 15, said the Federation of Indian Pilots (FIP). Taking strong objection to this, the association has billed it as "an act of harassment" as well as a violation of Aircraft rules and sent a legal notice to the AAIB.

Capt Sabharwal's nephew, Captain Varun Anand, presently serves as a pilot in Air India and is an FIP member.

Captain C S Randhawa of FIP told this newspaper, "This is just harassment of the family. Captain Anand received a phone call on January 11 asking him to appear in front of the AAIB inquiry team on January 19. The summons was later preponed to January 15."

This newspaper has gained exclusive access to the notice sent by FIP through its law firm APJ-SLG to the Director General as well as the Director of AAIB on January 11. The notice states that Capt Anand was informed by Air India that he had been summoned but the basis for calling him is not specified. It also states that the nephew was ready to appear via video conference on a suitable date.

It points out that Captain Anand has no association with the aircraft involved in the accident and was not present there nor does he possess any knowledge on the accident. "The summoning of the nephew of the deceased pilot and his relatives, irrespective of their lack of nexus with the incident, reinforces the apprehension that such actions are not rooted in any lawful investigative necessity," it said.

"The summoning of Captain Varun Anand as also of other family members is wholly without jurisdiction and contrary to the Aircraft (Investigation of Accidents and Incidents) Rules as well as that of International Civil Aviation Organisation, which strictly confine accident investigations to technical, safety-oriented, fact finding and expressly prohibit attribution of blame or liability."

Summoning him merely due to his familial relationship with the deceased seems to the sole basis, the notice added.

AAIB officials refused to comment on the matter.

AIIB report to take time

The AAIB had submitted its preliminary report on the crash on July 12 which caused much controversy as it attributed the crash to human error. The final report is likely to take much longer. Father of the late captain had also approached the Supreme Court and filed a writ petition challenging the fairness and independence of the inquiry.

'25 one of hottest yrs on record as global temp up

JITENDRA CHOUBEY @ New Delhi

THE World Meteorological Organization (WMO) has announced that 2025 was one of the hottest years ever recorded, continuing a trend of rising global temperatures. The last 11 years have been the warmest, and the oceans are warming at an alarming rate, it added.

According to the WMO's latest analysis, the average temperature of the Earth's surface in 2025 was approximately 1.44°C higher than the average temperature from 1850 to 1900. This report analysed data from eight different sources -- while two ranked 2025 as the second hottest year in the last 176 years, the other six placed it as the third hottest.

The past three years—2023 to 2025—are recorded as the three warmest years across all datasets. The consolidated three-year average temperature for 2023 to 2025 is 1.48°C above pre-industrial levels, with a margin of uncertainty of ±0.13°C. The past eleven years are recognized as the eleven warmest years in all datasets.

A recent study published in the journal "Advances in Atmospheric Sciences" revealed that ocean temperatures reached some of their highest recorded levels in 2025. This increase signals a long-term buildup of heat in our climate system. The oceans play a crucial role in global warming, absorbing about 90% of the extra heat generated by human activities. Therefore, ocean temperatures serve as a key indicator of climate change.

According to the WMO, around one-third of the world's oceans experienced their top three warmest temperatures historically, dating back to 1958. Approximately 57% of ocean areas ranked among the five warmest. This includes regions such as the tropical waters, South Atlantic Ocean, Mediterranean Sea, North Indian Ocean, and the Southern Oceans, highlighting that warming is occurring in numerous ocean areas.

In 2025, the average sea surface temperature was 0.49°C warmer than the average from 1981 to 2010. This decline can be attributed to the development of a weather pattern known as La Niña, but overall, the oceans continue to warm significantly.

The European Centre for Medium-Range Weather Forecasts (ECMWF), which operates the Copernicus Climate Change Service (C3S) and Copernicus Atmosphere Monitoring Service (CAMS), found that 2025 was the third warmest year on record, only marginally (0.01°C) cooler than 2023 and 0.13°C cooler than 2024, which was the warmest year on record.

The CAMS explained that the exceptional warming observed in the past three years is attributed to several factors. These include the accumulation of greenhouse gases in the atmosphere, high sea temperatures, and changes in aerosol levels.

Specifically, the build-up of greenhouse gases results from continued emissions and a reduced uptake of carbon dioxide by natural sinks. The impacts of climate change and El Niño events have led to significantly elevated sea-surface temperatures. Other factors include variations in aerosol amounts, low cloud coverage, and shifts in atmospheric circulation.

Experts see renewed bid to push arms, drugs into J&K to prop up terror ● Vishnu Deo says 3-yr action plan to be implemented in Naxal-hit region

Call for anti-drone tech to counter Pak threats

FAYAZ WANI @ Srinagar

SECURITY experts have called for strengthening counter-drone measures, including deploying anti-drone technology and activating air defence systems to ward off the recent threat of drone intrusions along the Line of Control (LoC) and the International Border (IB) in Jammu. They are seen as Pakistan's renewed attempt to push weapons and narcotics into Jammu and Kashmir to sustain terrorism.

Former Director General of Police, Jammu and Kashmir, S P Vaid, told this newspaper that Pakistan is trying to deliver arms and drugs to revive terrorism in the region, where local recruitment has almost stopped. The army on Tuesday evening fired at drones at two locations close to the LoC in Rajouri, forcing them to return to Pakistan. Earlier, on Sunday, five drone intrusions were reported in the border districts of Rajouri, Poonch, and Samba in Jammu province. On the previous Friday, security forces recovered an arms consignment, including two pistols, three magazines, 16 rounds, and a grenade, dropped by a Pakistani drone in Paloora village of Ghagwal near the IB in Samba district.

Consignments meant for overground workers

With local recruitment almost non-existent, the consignments of drugs and weapons are meant for overground workers (OGWs) living in border areas to resupply terrorists hiding in the forests of Jammu, including Kishtwar, Udhampur, Rajouri, Poonch, and Kathua

According to Vaid, with local recruitment almost non-existent, the consignments of drugs and weapons are meant for overground workers (OGWs) living in border areas to resupply terrorists hiding in the forests of Jammu, including Kishtwar, Udhampur, Rajouri, Poonch, and Kathua.

"The terrorists, who are already active in the forest areas, need fresh weapons and ammunition as they might have exhausted some of their weapons and ammunition. Drones are being used to resupply them," he said.

Vaid referred to the recent recovery of weapons in Samba district, saying it clearly exposed Pakistan's intent. "Security forces have found arms and ammunition dropped by drones. This confirms that the objective is to keep terrorism alive through covert means," he added. The former police chief said Pakistan Army chief General Asim Munir, who is facing political and economic turmoil back home, is trying to provoke India through such acts. "He wants to instigate India, but if he does, he will be taught a lesson by the Indian military. His partnerships with Saudi Arabia, Turkey, or China will not help him if Pakistan indulges in any misadventures," Vaid warned.

Vaid stressed the need for a more robust response: "While anti-drone technology is being used by forces, there is a need to activate the air defence system along the frontiers to neutralise the drone threat."

Review meet to ensure public trust in Bastar

EJAZ KAISER @ Raipur

WITH the fight against the banned CPI (Maoist) entering a decisive phase and peace returning, the Chhattisgarh government has intensified its focus on development in the Bastar region to strengthen public trust and prevent the revival of Maoist ideology.

Chief Minister Vishnu Deo Sai chaired a high-level review meeting in Raipur to assess overall development works and the expansion of basic facilities in Bastar.

"High priority given to continuous engagement with a clear goal of the double engine government to ensure the all-round and balanced development of Bastar. A comprehensive three-year action plan for Bastar's development will be prepared and implemented in mission mode. All departments have been directed to work in coordination and instructed the secretaries to visit the Bastar division regularly and review the on-ground progress of schemes," Sai said.

He said that, along with the eradication of Maoists, the rapid expansion of basic facilities such as education, health, employment, roads, drinking water, electricity, and communication is extremely important so that development reaches even the remotest areas and public confidence in governance is strengthened.

29 Maoists lay down arms in Sukma

In yet another mass surrender in Chhattisgarh's Sukma, 29 Maoist cadres renounced the violent path on Wednesday in Sukma district, south Bastar. The Maoist rebels were active as members of the banned outfit's frontal wings and decided to surrender under the "Poona Margem" initiative.

Sai noted that recent public participation in events like the Bastar Olympics and Bastar Pandum shows the local population's desire to move ahead on the path of peace and development.

During the meeting, the chief minister reviewed the status of drinking water supply, electrification, and mobile connectivity. He directed officials to electrify the remaining villages at the earliest, speed up the installation of mobile towers in remote areas, and ensure 100 percent Aadhaar card coverage through special drives.

Tourism development in Bastar is also being promoted through home-stays, development of identified sites under the Swadesh Darshan Scheme, construction of the Bastar Tourism Corridor, and linking youth with tourism-based livelihoods. The review meeting also focused on the collection and processing of minor forest produce through Van Dhan Kendras, early approval of funds for schools without buildings, expansion of Navodaya and PM Shri schools, strengthening health infrastructure, establishment of medical colleges, implementation of the PM-ABHIM scheme, bike ambulance services, irrigation projects, operation of anganwadis and balwadis, the rural bus scheme, and various action plans related to employment and livelihoods.

Uproar over profiling of mosques, Imams

The political parties and religious groups in Jammu and Kashmir have criticised the police profiling of mosques, Imams, mosque management committees and mosque-run charity wings in the Valley. "The nature and depth of information being sought goes far beyond any routine administrative requirement raising serious questions of intent , reflecting an attempt to control and regulate religious institutions through coercive means and checks," said Mutahida Majlis-e-Ulema (MMU), the largest conglomerate of Muslim bodies in J&K. The NC, PDP, PC and several other political and religious organisations echoed concerns.

Helicopter service to promote Gulmarg skiing

Helicopter services have been launched at the world-famous ski resort of Gulmarg to promote heli skiing, marking a step towards strengthening winter adventure tourism at the destination. The service aims to provide skiers with quick access to high altitude slopes of Gulmarg, including Sunshine Peak and Apharwat range, which are considered ideal for heli skiing but remain difficult to reach through conventional means, especially during winter. Tourism stakeholders believe the heli service will promote Gulmarg for high-end adventure tourism. They said heli skiing has the potential to attract international adventure enthusiasts to Gulmarg.

Over 85 govt employees sacked by Lt-Governor

Over 85 government employees have been sacked by Lt-Governor Manoj Sinha since 2021 for alleged involvement in anti-national activities by invoking Article 311(2)(c) of the constitution. Five of the employees, including a teacher and a laboratory technician, were sacked from government service on Tuesday for their alleged terror links. This comes despite the elected government questioning policy of dismissals without inquiry. After the abrogation of Articles 370 and 35A and bifurcation of J&K state into two UTs by the Centre on August 5, 2109, the J&K administration has gone tough against its employees in the Union Territory.

12 cops booked in Sambhal violence case

NAMITA BAJPAI @ Lucknow

SAMBHAL Chief Judicial Magistrate court has ordered the authorities concerned to register an FIR against 12 policemen, and ASP Anuj Chaudhary.

CJM Vibhanshu Sudhir issued the order in connection with a person being shot during the Sambhal violence. The victim's father had filed a petition in court, in which the policemen were accused of shooting. After the hearing the plea, the court issued this order.

Yameen, a resident of Mohalla Khaggu Sarai Anjuman in Nakhasa police station area, had filed a petition in court. Yameen stated that his son Alam, had left home on November 24, 2024, to sell papad. Upon reaching the Shahi Jama Masjid area, the police shot him.

This case was filed in court on February 6, 2025. On behalf of Yameen, 10 to 12 policemen were made respondents.

The case was presented in CJM court on January 9, after which the Chief Judicial Magistrate ordered an FIR. Plaintiff's lawyer Chaudhary Akhtar Hussain said his client's son received treatment while hiding from the police and demanded registration of an FIR against former CO Anuj Chaudhary, former Inspector Anuj Tomar, and other unidentified police personnel.

'Estranged' son Tej Pratap hosts Lalu, says RJD will soon merge with his party

RAMASHANKAR @ Patna

RASHTRIYA Janata Dal (RJD) president Lalu Prasad on Wednesday participated in the 'dahi-chuda' party hosted by his elder son Tej Pratap Yadav on the occasion of Makar Sankranti at his residence, nearly eight months after expelling him from the party as well as from the family.

Besides Lalu, Bihar Governor Arif Mohammad Khan, Deputy Chief Minister Vijay Kumar Sinha and other dignitaries also attended the feast. However, Tej Pratap's mother and former CM Rabri Devi, and his younger brother and LoP in state Assembly Tejashwi Yadav gave the feast a skip.

After his expulsion from RJD, Tej Pratap floated his own political outfit, Janshakti Janata Dal (JJD), and also unsuccessfully contested 2025 Assembly election from Mahua in Vaishali district. He was expelled from RJD by Lalu over his "irresponsible behaviour" and "violation of family values" after a Facebook post featured him in May last year with a woman. He claimed that his Facebook account was hacked and also deleted the post.

When reporters asked whether he would merge his JDD with RJD, Tej Pratap claimed the situation was the other way around, asserting that the RJD would instead merge with his party. Tej Pratap said he received the blessings of his parents during the event.

Meanwhile, senior RJD leader Shivanand Tiwari on Wednesday slammed party leader Tejashwi Yadav for not hosting the Makar Sankranti feast and heaped praise on his elder brother Tej Pratap Yadav for organising such a party.

OBC outreach: J'khand BJP gets new chief

MUKESH RANJAN @ Ranchi

RAJYA Sabha MP Aditya Sahu was on Wednesday elected as the new BJP president in Jharkhand, replacing Babulal Marandi, a development seen as the opposition party's OBC outreach move aimed at resetting its social engineering playbook with an eye on the polls.

Union Tribal Affairs Minister Jual Oram, the party's incharge for the organisational elections of the state unit, officially announced Sahu's appointment. Oram stated that only one nomination paper of Sahu was received for the post of the state president and 21 papers for the 21 seats of the National Council.

After his election, Sahu said, "With the support of experienced leaders, I will try to take the party forward. Murder, abduction and loot have become a regular phenomenon under the JMM-led government. The tribals are feeling unsafe... Jal, jangal and jamin (water, forest and land) are being looted. We have to fight to protect them and the rights of tribals."

Oram said the party will be strengthened under the leadership of Sahu and that the BJP would once again form its government in the state in the future. Marandi as the leader of Opposition will now focus BJP affairs in the Assembly.

Jaipur court rejects plea against Rahul over remarks on PM

RAJESH ASNANI @ Jaipur

AN Additional Sessions Court in Jaipur has rejected a revision petition filed against former Congress president and Leader of the Opposition Rahul Gandhi in connection with alleged caste-based remarks against PM Narendra Modi.

The court upheld an earlier order of the lower court and declined to interfere in the matter. The ruling was delivered on Tuesday by Additional Sessions Judge Neelam Karwa, who examined the revision petition filed by advocate Vijay Kalander challenging an order passed by Metropolitan Magistrate Court No. 4. The judge observed that the complainant's statements and the material placed on record did not support the plea, leading to its dismissal. In the petition, the complainant contended that the lower court had failed to properly examine the facts of the complaint. It was alleged that Rahul Gandhi, as a senior political leader and Leader of the Opposition, had repeatedly made statements altering caste identities and inciting the public, thereby harming the unity and integrity of the country.

According to the complaint, the remarks were made during the Bharat Jodo Nyay Yatra in Chhattisgarh in 2024, where Rahul Gandhi allegedly stated that the PM was not an OBC by birth but belonged to the Teli community in Gujarat. The Teli community was included in the Other Backward Classes (OBC) category in 2000. Gandhi reportedly claimed that Modi was born into the general category and later came to be classified as OBC.

Advocate Vijay Kalander objected to the remarks, alleging that they were detrimental to public peace and national integrity. He further claimed that Rahul Gandhi had concealed his own caste identity while making the statement, which, according to the complaint, hurt religious sentiments and warranted legal scrutiny.

Stir against demolition of statues at Manikarnika

NAMITA BAJPAI @ Lucknow

WITH the restoration and development work at the Manikarnika Ghat in Varanasi gaining momentum, Kashi locals are accusing the district administration of desecration of idols inside some of the structures demolished.

The administration, however, denied the charges, explaining that the stone pieces containing idols carved on them, being shown with false claims, were not of deities but the artwork on the walls of the structure known as Madhi (platform). The administration said that those structures, including an image of Maratha queen Ahilyabai Holkar, who is credited with rebuilding the Kashi Vishwanath Temple and restoring the Manikarnika Ghat in the 18th century, were preserved to be made a part of the walls of the new structure of the rejuvenated ghat.

A video of the demolition exercise has been doing rounds on social media showing a big earthmover demolishing a stone structure at the Manikarnika Ghat project site, claiming that idols of deities were being desecrated. The video shows the protests not only from locals but also in Indore, the erstwhile kingdom of Ahilyabai Holkar. The protester fury prompted the Varanasi Municipal Corporation, police and district administration to take stock of the site.

A group of Kashi locals, led by Pal community's national president Mahendra Pal Pintu, protested at the spot where the structure comprising the nearly 100-year-old statue of Devi Ahilyabhai Holkar was allegedly demolished. "We demanded that the statue of Devi Ahilyabai Holkar be reinstalled at the same location," said Pal, the state committee member of the Samajwadi Party. The protesters were led by Mahendra Pal Pintu since Ahilyabai Holkar was deeply connected to the Pal (Gadariya) community as they consider her a revered ancestor.

Varanasi DM Satyendra Kumar said the idols of the deities and Shivlingas were already kept at safe places.

Maratha queen's kin seek PM help against demolition

ANURAAG SINGH @ Bhopal

DESCENDENTS of the 18th century Holkar dynasty queen in Madhya Pradesh's most populated city Indore, are outraged over the manner in which the demolition exercise is allegedly being carried out at the world famous Manikarnika Ghat in Uttar Pradesh's Varanasi.

The Indore-based Khasgi Devi Ahilyabai Holkar Charities Trust was released a statement, "First restored by Punyashlok Devi Ahilyabai Holkar in 1791, this site was of great importance to Ma Saheb... The ghat was demolished in a matter of hours with complete disregard to the site's history or importance." It sought the PM and UP CM's intervention.

Valley of Flowers in U'khand safe, but battle rages on; IAF to join rescue ops

NARENDRA SETHI @ Dehradun

TIME is running out to prevent a forest fire from reaching Uttarakhand's Valley of Flowers, a UNESCO World Heritage Site. The fire continues to rage in the Pulna-Bhyundar area for the sixth consecutive day. Despite freezing winter temperatures, the blaze shows no sign of abating. Authorities are now relying on aerial intervention and hoping for rain or snowfall to help control it.

The fire, first detected on Friday, January 9, is affecting roughly 15 hectares of forest above 3,500 metres. Satellite imagery shows flames on the hills opposite the protected park, though the core Valley of Flowers remains secure. Two fast-flowing rivers, the Yamuna-Gangotri and Pushpavati, are acting as natural firebreaks, keeping the probability of the fire reaching the park "zero", officials said.

Efforts on the ground have been severely hampered by steep inclines, rock faces, and falling debris. Forest teams reached the Hamwanti Second Beat after building temporary river crossings, but the harsh terrain forced them to retreat. Local volunteers, including members of the Mahila Mangal Dal (Pyula), helped rebuild a permanent bridge on Monday, yet accessibility remains a major challenge.

"This is an extremely remote and challenging area to access," said Forest Conservator Akash Verma. "The lack of snow cover due to drier weather has left the undergrowth, particularly dry grass and old oak stumps, highly combustible. We are focused on preventing lateral spread." The state government has escalated the response. Chamoli District Magistrate Gaurav Kumar informed officials after an appeal from the Forest Department. Aerial surveys have assessed water-bombing options, with UCADA helicopters on standby. Chief Conservator of Forests Sushant Patnaik noted, "If necessary, we are prepared to seek assistance from the Indian Air Force."

Disaster Management Secretary VK Suman confirmed seeking help from the IAF.

IRAN SIGNALS SWIFT EXECUTIONS AS PROTEST DEATH TOLL MOUNTS

Crackdown leaves over 3,400 dead as authorities prepare rapid trials

DUBAI

IRAN's judiciary head signaled Wednesday there would be fast trials and executions ahead for suspects detained in nationwide protests despite a warning from US President Donald Trump.

The comments by Gholamhossein Mohseni-Ejei came as activists had warned hangings of those detained could come soon. The security force crackdown on the demonstrations has killed at least 3,400, according to the US-based Human Rights Activists News Agency reported. The current death toll exceeds that of any other round of protest or unrest in Iran in decades and recalls the chaos surrounding the country's 1979 Islamic Revolution.

Trump has repeatedly warned that the US may take military action over the killing of peaceful protesters, just months after it bombed Iranian nuclear sites during a 12-day war launched by Israel against the Islamic Republic in June.

Iran meanwhile has threatened it could make a preemptive strike after alleging without offering evidence that Israel and the United States orchestrated the protests. A US official said some personnel at a key US military base in Qatar have been advised to evacuate by Wednesday evening, a decision that came as a senior official in Iran brought up an earlier Iranian attack there.

A mass funeral also was held Wednesday for some 100 security force members killed in the demonstrations. Tens of thousands of mourners attended, holding Iranian flags and photos of Ayatollah Ali Khamenei. The caskets, covered in Iranian flags, stood stacked at least three high. Red and white roses and framed photographs of people who were killed covered them.

People elsewhere remained fearful in the streets. Plainclothes security forces still milled around some neighborhoods, though anti-riot police and members of the paramilitary Revolutionary Guard's all-volunteer Basij force appeared to have been sent back to their barracks.

"We are very frightened because of these sounds and protests," said a mother-of-two shopping for fruits and vegetables, who spoke on condition of anonymity for fear of reprisals. "We have heard many are killed and many are injured. Now peace has been restored but schools are closed and I'm scared to send my children to school again." *AP*

Starlink boosts Iran protest info flow

BANGKOK: Iranian activists say SpaceX's Starlink has dropped fees, allowing more people to bypass Tehran's internet blackout and send images of nationwide protests abroad. The move follows Iran's shutdown of telecommunications on Jan. 8 as unrest grew over the economy and currency collapse. Though SpaceX has not officially confirmed the decision, activists told AP the service is now free for users with receivers inside Iran. Footage showing rows of bodies at a Tehran forensic centre was shared via Starlink, altering global understanding of the crackdown.

Evacuation advised at US base in Qatar

WASHINGTON: Some personnel at the US Al Udeid Air Base in Qatar have been advised to evacuate as a precaution amid rising regional tensions, a US official said. The move follows Iranian threats referencing a past missile strike on the base and comes as protests continue in Iran and President Donald Trump warns of possible US military action if crackdowns persist. Qatar said security measures are being taken to protect critical infrastructure. The Pentagon declined comment. The base hosts thousands of US troops and was targeted by Iran in June after US strikes on Iranian nuclear facilities. No casualties were reported then. US officials have not clarified whether evacuation is mandatory or how many personnel are affected.

Trump ramps up pressure over Greenland

NUUK

DONALD Trump said on Wednesday that NATO should help the US acquire Greenland and anything less than having the island in US hands is unacceptable, hours before Vice President JD Vance was to host Danish and Greenlandic officials for talks.

In a post on his social media site, Trump reiterated his argument that the US "needs Greenland for the purpose of National Security." He added that "NATO should be leading the way for us to get it" and that otherwise Russia or China would — "and that is not going to happen!" "NATO becomes far more formidable and effective with Greenland in the hands of the United States," Trump wrote. "Anything less than that is unacceptable."

Greenland, a semiautonomous territory of NATO ally Denmark, is at the center of a geopolitical storm as Trump insists he wants to own it — and residents of its capital, Nuuk, say it isn't for sale. The White House hasn't ruled out taking the Arctic island by force. Vance, along with Secretary of State Marco Rubio, is to meet Denmark's Foreign Minister Lars Løkke Rasmussen and his Greenlandic counterpart Vivian Motzfeldt in Washington later Wednesday to discuss Greenland. Along Nuuk's snow-covered main street, foreign journalists stop passersby for reactions to a crisis Denmark's prime minister warns could threaten NATO. *AP*

Part of NATO, say Denmark and Greenland

NUUK: The leaders of Denmark and the country's territory of Greenland on Tuesday offered a united front against President Donald Trump's calls for the United States to take over the strategic Arctic island on the eve of critical meetings in Washington on the matter. In perhaps their sharpest pushback to date, Denmark and Greenland's prime ministers underscored that the territory is part of Denmark, and thus covered by the umbrella of the NATO military alliance. A US attempt to take over or force the secession of the massive island would tear apart the transatlantic alliance, which has been a linchpin of post-World War II security. But Trump brushed off the concern, telling reporters in Washington, "That's their problem."

CRANE CRASH ON PASSENGER TRAIN KILLS 32 IN THAILAND

NAKHON RATCHASIMA

A construction crane crashed onto a moving passenger train in northeastern Thailand on Wednesday, triggering a derailment that killed at least 32 people and injured dozens more. The crash occurred in Nakhon Ratchasima, some 200 kilometers northeast of Bangkok, on a section of a planned high-speed rail project that is intended to eventually connect China with much of Southeast Asia.

The province's Public Health Provincial Office said there were 32 fatalities and 64 injured victims, including seven with severe injuries. There were still three passengers missing among the 171 believed to have been on board the train, it said in a statement issued as night fell. Authorities said the crane was being used to build an elevated part of the railway when it fell as the train was traveling from the capital, Bangkok, to Ubon Ratchathani province. Thailand's Rail Transport Department said the crane was what is called a launching gantry crane, a self-supporting structure with vertical legs that usually runs on rails or wheels for mobility, allowing it to progress along with the construction project that it straddles. Such cranes are often used to help build elevated roads.

Images published in Thai media showed plumes of white, then dark, smoke rising from the crash site, with construction equipment dangling from girders between two concrete support pillars.

Rescue workers stood on top of overturned railway carriages, some of them with gaping holes torn on their sides, video from public broadcaster ThaiPBS showed. What appeared to be sections of the crane were scattered along the track. Sixty-two year-old Samai Teechantuek, whose house is about 100 meters (yards) from the site of the accident, told The Associated Press of the horror of witnessing the accident, and hearing "the noises screeching, and then bam, bam, bam, all the way over there."

"When the dust settled, I saw the top of the train carriage. I heard people shouting 'save the children first!'" she said. "A conductor pulled people out. I saw them pulling many people out." *AP*

Labour codes hit Infy profit, co raises revenue guidance

Q3 net profit falls 2% to ₹6,654 cr; revenue from operations rises 9% to ₹45,479 cr; revenue guidance for FY26 raised to 3-3.5% from 2-3%

PADMINI DHRUVARAJ @ Bengaluru

THE country's second-largest IT services company Infosys on Wednesday reported a 2% year-on-year (YoY) decline in consolidated net profit for the third quarter, weighed down by exceptional costs linked to labour code changes, even as revenue growth remained strong.

However, despite the pressure on profit margins, the company raised its revenue guidance for FY26 to 3–3.5% in constant currency terms from 2-3% quoted earlier, and retained margin guidance at 20–22%.

Infosys posted a consolidated net profit of ₹6,654 crore for the quarter, compared with ₹6,806 crore in the corresponding period last year. Revenue from operations rose 9% YoY to ₹45,479 crore during the quarter.

The company recorded an exceptional item of ₹1,289 crore in the quarter due to the impact of labour codes. In constant currency terms, revenue grew 1.7% YoY and 0.6% on a quarter-on-quarter basis. Addressing concerns around labour codes, management in the post-earnings press conference said the "exceptional item charge" is a one-time impact of this size, and expects an ongoing impact of about 15 basis points on margins every quarter.

The exceptional cost recognised by Infosys comes after similar labour code-related impacts reported by peers, including TCS and HCLTech, both of which also posted profit declines in the third quarter.

Meanwhile, Infosys' operating profit for the quarter fell 6% YoY to ₹8,355 crore and declined 10.7% sequentially. As a result, operating margin narrowed to 18.4%, compared with 21.3% in the December quarter last year and 21% in the September quarter. "Infosys delivered a strong Q3 performance demonstrating how our differentiated value propositions in enterprise AI, through Infosys Topaz, are consistently driving higher market share," said Salil Parekh, CEO and MD.

Deal momentum remained steady, with the company signing large deals worth $4.8 billion in total contract value (TCV), with a net new component of 57%. This was higher than the $3.1 billion TCV reported in the previous quarter.

On the vertical front, financial services, Infosys' largest revenue contributor, recorded 4.8% growth during the quarter and 3.9% growth in constant currency terms. Manufacturing revenues rose 10.8% in reported terms and 6.6% in constant currency, reflecting strong activity across engineering and AI-led engagements.

Growth in energy, utilities, resources and services remained muted at 1.3% in reported terms and 0.5% in constant currency (cc), while retail segment grwoth fell 3.8% in reported terms and 5.5% in cc, as global retailers continued to remain cautious on technology spending amid weak consumer demand. The communication segment delivered strong growth of 11.6% in reported terms and 9.9% in cc.

Employee count up for 6th quarter, attrition rate falls

ENS ECONOMIC BUREAU @ Bengaluru

BENGALURU-based IT services major Infosys reported a steady rise in its workforce during the third quarter, signalling growing confidence despite a cautious global technology market.

The company added 5,043 employees in the October–December period, taking total headcount to 337,034. This marked the sixth straight quarter of net employee additions. Over the past three quarters alone, Infosys has added 13,456 employees. Speaking at the company's earnings conference, CEO Salil Parekh said, "Headcount increase demonstrates that we have confidence where the market is and where we are seeing demand." Attrition during the quarter dropped to 12.3% from 14.3% in the previous quarter.

CFO Jayesh Sanghrajka said Infosys had hired 18,000 freshers so far and remains on track to onboard 20,000 freshers for full year of FY26. Meanwhile, TCS reported a decline of 11,151 employees during the quarter as it continued "workforce restructuring". HCLTech saw a fall of 261 employees, even though it added 2,852 freshers.

Further, Parekh denied the claims that one of its employees was detained by US Immigration and Customs Enforcement. "No Infosys employee has been apprehended by any US authority. A few months ago, one of our employees was denied entry into US and was sent back to India."

Corp investment in start-ups a major challenge, says DPIIT secy

ENS ECONOMIC BUREAU @ New Delhi

ONE of the biggest challenges faced by the start-up ecosystem in India is lack of proper corporate investments, said Amardeep Singh Bhatia, secretary, Department for Promotion of Industry and Internal Trade (DPIIT) on Wednesday. However, the government has been pushing corporates and even signed MoUs with several companies to have better investment.

"We are working on the major challenge — getting corporate to deepen their partnership with start-ups. So that is something we are pushing for; it is work in progress. There are instruments in place, that is something which we are actively, the entire government is working on ensuring that innovation is deepened, innovation is much deeper," said Bhatia.

As confirmed by the Ministry of Commerce, DPIIT has been pushing corporates to get more involved with the start-ups so that they can innovate and build products for big corporates. While the ministry is taking measures to ensure more investments from both domestic and international corporate, there has been an inflow of about $51 billion in the last six months.

DPIIT is focusing on enhancing the manufacturing capacity through various means. "It is not only access to the domestic market but also access to global supply chains," added Bhatia. To ensure more foreign corporate to come and invest in the start-up sector, DPIIT is taking measures "to provide an environment which is conducive for investment." The government will continue to prioritise deep tech to boost manufacturing by enabling greater access to the domestic market, the DPIIT said. Alongside ₹1 lakh crore in direct R&D funding, DPIIT expects private capital and support from other schemes, noting strong investor interest in long-term, patient funding for Indian start-ups.

JOB CUT

Bajaj Mobility to lay off 500 employees

ENS ECONOMIC BUREAU @ New Delhi

BAJAJ Mobility AG on Wednesday announced that it will reduce employee strength by 500 under a 'global rightsising' programme at KTM AG.

Austria-based Bajaj Mobility AG is the holding company of the KTM Group, one of Europe's leading motorcycle manufacturers. Pune-based Bajaj Auto acquired a majority stake in Austrian bike maker KTM In November last year.

"The aim (of rightsising programme) is to strengthen competitiveness in the long term by reducing fixed costs, streamlining structures, focusing the product and project portfolio, and optimising our international location and management network," Bajaj Mobility AG stated in an exchange filing shared by Bajaj Auto.

The reduction of 500 employees will mainly be from white-collar areas and middle management, is unavoidable, the filing stated. In May last year, Bajaj Auto announced to acquire a majority stake in KTM through its wholly-owned subsidiary Bajaj Auto International Holdings BV to shift gears from being a dormant minority investor to a majority owner in the global KTM company. The number of employees at the company as of December 31, 2025, stood at 3,794. With its KTM, Husqvarna, and GASGAS brands, KTM AG is one of Europe's premium motorcycle manufacturers.

US automakers defer orders from Indian OEMs

ARSHAD KHAN @ New Delhi

AUTOMAKERS in the US are deferring new orders from Indian auto component manufacturers after President Donald Trump raised tariffs on Indian goods to 50%, one of the highest rates applied for any nation, last year. ACMA President-designate and managing director of Brakes India Sriram Viji said higher tariffs imposed by the US on several countries, including India, have created uncertainty among buyers.

Viji stated that while existing components trade with the US may continue in the near term, the bigger concern lies in future orders. He added that India faces a disadvantage as some countries have secured more favourable tariff terms under US trade rules.

Viji is hopeful that a resolution will be reached soon. Since the higher tariff rates were first announced last year, India has held multiple rounds of negotiations with the US for a trade agreement. However, nothing has materialised yet.

September 2025 was the first full month of Trump's 50% tariffs on Indian goods. This includes a 25% penalty for India's refusal to stop buying oil from Russia. Vikrampati Singhania, President of ACMA and MD of J K Fenner (India), said new contracts from the US are in limbo even as existing supply chains continue. He added that the depreciation of rupee versus the US dollar has cushioned some of the impact.

Meanwhile, the Indian auto component industry grew by 6.8% to ₹3.56 lakh crore ($41.2 bn) in the first half of the financial year 2026 as against the same period last year, supported by domestic demand, a resilient aftermarket and continued investments in capacity expansion.

As per the Automotive Component Manufacturers Association (ACMA), sales to original equipment manufacturers (OEMs) rose by 7.3% to ₹3.04 lakh crore ($35.2 bn) during the period, led primarily by the passenger vehicle and LCV segments. The aftermarket recorded a growth of 9% clocking ₹53,160 crore ($6.1 billion), driven by an expanding vehicle parc, increasing formalisation of the repair and maintenance ecosystem and deeper penetration of organised channels.

Hopes for resolution

Sriram Viji is hopeful that a resolution will be reached soon. Since higher tariff rates were first announced last year, India has held many rounds of negotiations with the US without much success.

SMBC gets RBI nod to set up subsidiary in India

ENS ECONOMIC BUREAU @ New Delhi

JAPAN'S Sumitomo Mitsui Banking Corporation (SMBC) is set to receive 'in-principle' approval from the Reserve Bank of India (RBI) for setting up a wholly-owned subsidiary (WOS) in India.

SMBC is currently carrying out banking business in India in branch mode through its four branches located in New Delhi, Mumbai, Chennai and Bengaluru. The 'in-principle' approval has been granted to the bank for setting up a WOS through conversion of its existing branches in India. "The RBI would consider granting a licence for commencement of banking business in WOS mode under Section 22 (1) of the Banking Regulation Act, 1949 to SMBC on being satisfied that the bank has complied with requisite conditions laid down by RBI as part of 'in-principle' approval," an RBI statement said on Wednesday.

Having a wholly-owned subsidiary in India means SMBC will have to create a separate legal entity with its own capital base and local board of directors. It will have to make clear delineation between assets and liabilities of its India subsidiary with that of its foreign parent, with ring fenced capital and assets within the host country. Local incorporation provides effective control to the local regulator – the RBI.

As per Indian regulations, a wholly-owned subsidiary can be permitted, subject to regulatory approvals and such conditions as may be prescribed, to enter into mergers and acquisition transactions with any private sector bank in India subject to the overall foreign investment limit of 74%.

Last year, SMBC acquired 24.21% in Yes Bank, becoming the largest shareholder in the bank. Sumitomo Mitsui Banking Corporation or a part of the Sumitomo Mitsui Financial Group (SMFG) is the second largest bank in Japan with $1.72 trillion in total assets held across its operations in 39 countries, almost half of them in Asia-Pacific region.

IOB PROFIT ALL-TIME HIGH AT ₹1,365 CRORE

ENS ECONOMIC BUREAU @ Chennai

PUBLIC sector Indian Overseas Bank (IOB) on Wednesday reported an all-time high net profit of ₹1,365 crore, up 56.18% YoY in Q3FY26, driven by rise in interest income and recovery of non-performing assets (NPAs).

The bank reported ₹874 crore in Q3FY25. Ajay Kumar Srivastava, CEO & MD at IOB said the bank is planning to raise ₹4,000 crore from markets through QIP in the coming months, reducing the Centre's stake in it to nearly 4% if fully subscribed.

CASA deposits saw a growth of 7.8 % YoY to ₹1.43 lakh crore in the current quarter. RAM (retail, agri. & MSME) business grew by 33.1% YoY and total advance of the bank increased by 24.1 % to ₹2.95 lakh crore.

Total recovery for third quarter of FY26 rose to ₹890 from ₹874 crore for Q2FY26. Recovery from written off accounts (technical write off & set off) for Q3FY26 stood at ₹635 crore. Srivastava said the bank has done forward-looking provisioning of ₹1,500 crore to meet expected credit loss framework which will be effective from April 2027.

"In the September 2025 quarters, the additional requirement was about ₹2,600 crore and later came down to ₹2,200 crore in the current quarter."

OMR Branch hands over ₹20 lakh personal accident insurance claim to bereaved family

Chennai: The OMR Branch (SBI - RBO – IT Corridor, Chennai South AO) facilitated handover of a personal accident insurance (PAI) claim cheque amounting to ₹20,00,000 to the claimant at the branch premises. The cheque was handed over by regional manager Satish Babu and branch manager Bhaskaran to Ramani Murugasan, wife of the deceased policyholder Murugasan. The insured had met with a fatal road accident, following which the claim was processed. Ramani Murugasan stated that the claim amount would be of immense support to her and her family during this difficult time. She appreciated the continuous follow-up and guidance provided by the branch officials in ensuring timely settlement of the claim.

Indian Bank wins awards for tech innovation and IT risk management

Chennai: Indian Bank has once again reaffirmed its leadership in technology-driven banking by securing multiple prestigious national-level awards, recognising its excellence in digital innovation, cybersecurity, and IT risk management. At the 21st Annual Banking Technology Conference, Expo & Citations 2024–25, organised by the Indian Banks' Association (IBA), Indian Bank was honoured under the Large Bank category with two top accolades — Best Technology Bank and Best IT Risk Management. These awards acknowledge the bank's robust IT governance framework, strong cybersecurity posture, and effective use of technology to enhance operational efficiency and customer experience. Ashutosh Choudhury, executive director, along with other top executives received the awards on behalf of the bank team. In another achievement, Indian Bank was also recognised at the SKOCH Awards.

Mercedes sales fall marginally, to start production of Maybach at Pune facility

ARSHAD KHAN @ New Delhi

LEADING luxury carmaker - Mercedes-Benz delivered 19,007 units in CY25, a marginal dip from 19,565 units delivered in CY24. The sales decline is attributed to lower entry-level luxury car sales.

Mercedes-Benz plans 12 new cars for India in CY2026, including new models and some with no predecessor, in addition to launching facelifts. Many of these products will be Top End Vehicles (TEV) and new BEVs.

Mercedes on Wednesday also announced the start of local production of the Mercedes-Maybach GLS at its manufacturing facility in Pune. This makes India the first market outside the USA to locally produce the ultra-luxury Mercedes-Maybach GLS.

"We have delivered another best-ever year in terms of revenue growth buoyed by high affinity among discerning customers, reflected in the strong growth in the TEV segment as well in top-end BEVs...2026 will be an action-packed year with 12 new product introductions, expansion of our local production portfolio, the launch of the MB.Charge Public, expansion into new markets and investment in upgrading our entire network," said Santosh Iyer, Managing Director & CEO, Mercedes-Benz India.

In 2025, TEVs, priced upward of ₹1.5 crore, portfolio comprising the exclusive S-Class, Mercedes-Maybach and AMG demonstrated resilience with 11% year-on-year growth and 25% sales penetration. The high-performance AMG portfolio grew by 34% YoY and while the battery electric vehicles (BEV) portfolio grew by 12%.

The highest bidder shall be declared to be the purchaser of any lot provided always that he is legally qualified to bid, and provided that it shall be in the discretion of the court or officer holding the sale to decline acceptance of the highest bid when the price ordered appears so clearly inadequate as to make it advisable to do so.
4. For reasons recorded, it shall be in the discretion of the officer conducting the sale to adjourn it subject always to the provisions of Rule 69 Order XXI.
5. The person declared to be the purchaser shall pay immediately after such declaration a deposit of 25 per cent on the amount of his purchase money to the office conducting the sale, and in default of such deposit the property shall forthwith be put up again and resold.
6. The full amount of the purchase money shall be paid by the purchaser before the Court closes on the fifteenth day after the sale of the property exclusive of such day or if the fifteenth day be Sunday or other holiday, then on the first office day after the fifteenth day.
7. In default of payment of this balance of purchase money within the period allowed, the property shall be resold after the issue of a fresh notification of sale. The deposit after defraying the expenses of the sale may, if the court thinks first be forfeited to the Government and the defaulting purchaser shall forfeit all claim to the property or to any part of the sum of which it may be subsequently sold.

Bangladesh T20 World Cup matches could be shifted to Sri Lanka

FIROZ MIRZA @ Chennai

WITH the International Cricket Board (ICC) running out of time, a decision on Bangladesh Cricket Board's request of relocating its matches out of India is expected in the next few days.

There are enough indications to this daily that the ICC might shift Bangladesh's matches to Sri Lanka and relocate a few games from the Island Nation to the venues in India, where Bangladesh were scheduled to play.

As per the original programme, Bangladesh are slated to open their ICC T20 World Cup campaign in Kolkata against the West Indies on February 7. They are then scheduled to play their next two matches - (vs Italy on February 9 and vs England on February 14) at the same venue before moving to Mumbai for their contest against Nepal on February 17. Interestingly, the official ticketing platform opened additional sale of tickets where Bangladesh matches were still scheduled to be played in Kolkata.

However, a source, who has been tracking the development, feels it's already late and the ICC cannot afford to delay it further. "A lot of things like stationing of broadcast crews, assigning duties to match officials including umpires, preparation of venues, ticket sales and security arrangements have to be done. Besides, the travelling fans too have to make their arrangements including stay. Given the situation, the ICC may shift Bangladesh matches to Sri Lanka and fill the vacant slots in India by moving a few matches there from the Island Nation," is what a source feels.

EXPRESS SPECIAL

It is understood that this is the only solution which looks viable at the moment and would be acceptable to the BCB. "Asking the BCB to forfeit matches will not show the ICC in good light especially with cricket included for the 2028 LA Olympics. It can also go against India hosting the 2030 Commonwealth Games and their bidding for the 2036 Olympics."

Sri Lanka Cricket (SLC) secretary Bandula Dissanayake said the board has not received any official communication from the ICC in this regard but affirmed the board is ready to host matches if allotted to it. "So far no communication to the SLC but if given the opportunity we are happy to host matches," Dissanayake told this daily.

The ICC already had a few rounds of meetings with the BCB and is expected to have another video conferencing soon. The decision is expected to be announced by the end of this week. The ICC has three options when the BCB urged the world body to shift the ICC T20 World Cup matches out of India. It first suggested the Bangladesh board two venues - Chennai and Trivandrum - in South India which was apparently turned down. The second was the BCB forfeiting the matches, which was bound to tarnish ICC's image and clearly not acceptable to the Bangladesh board.

It all began with Bangladesh pacer Mustafizur Rahman being released by Kolkata Knight Riders following protests over his inclusion in the team for the 2026 Indian Premier League. The protests started after targetted killings of Hindus in Bangladesh.

Hariharan & Arjun duo making right moves

Doubles pair have had a positive run since getting united last year

ANMOL GURUNG @ New Delhi

HARIHARAN Amsakarunan and MR Arjun are among Indians who have passed the opening-round hurdle in the ongoing India Open here. In normal circumstances, that's nothing to write home about. But for the young combination, making their first-ever appearance as men's doubles pair in the Super 750 event, that win was like oxygen, a victory that could give them that much-needed thrust in their quest to become worthy racquet-bearers at the top level.

They are still untested at the elite circuit and bound to face tougher questions in the days to unravel, but that result could be something that gives them the belief to evolve one step further. Especially given that it had come against proven rivals in the form of Ong Yew Sin and Teo Ee Yi. The duo from Malaysia were once ranked as high as World No 6. The World Championships medallists might have struggled for results in recent months but they still possess the experience and nous to take down opponents. But Hariharan and Arjun had their own plans. They were not just filling in numbers, they wanted to leave a good impression. The World No 54 pair, who are part of the Gopichand Academy, took just 38 minutes to see off the Malaysians. "We had made good preparations coming into the match. Last week, we played in Malaysia but we didn't play well. Coming into Tuesday's match, Arjun and myself wanted to give everything. The coach had also handed us some tactical inputs about our opponents. And it worked well for us," Hariharan told this daily. The coach in question is Tan Kim Her, the national doubles coach. After Tan's suggestion, Hariharan and Arjun joined hands just last year. And the decision has produced immediate results. Hariharan and Arjun captured three back-to-back titles towards the close of last season. In fact, those wins had made it possible to be part of the Malaysia Open Super 1000 event and the ongoing tournament. "We both are thankful to our coach. Ruban Kumar (Hariharan's former partner) and myself had reached top 32 but we hadn't produced the results that we wanted. The coach then suggested Arjun and me to play together for a few tournaments. It was just on a trial basis. But we performed well, winning multiple titles. Then, I decided to stick with Arjun," Hariharan said. The shuttler from Thanjavur, who took up the sport after watching his elder sister play during her school days, has now set big ambitions for himself. "It's going well and we would like to break into the top-30 ranking this year," he said. Arjun, meanwhile, hails from neighbouring state of Kerala. Hariharan said that the rapport between them has also aided them. "We both are fast movers on the court and our communication during matches is also good as we're friends and I have known him for a while. He understands Tamil while I understand Malayalam, so that helps us a great deal."

The massive influence of senior compatriots Satwiksairaj Rankireddy and Chirag Shetty, with whom they train with on a daily basis, has also pushed both the youngsters. "We are training under the same roof and sparring with them. Satwik anna (brother) was close to us. And he would encourage us to come to the academy. We trusted him and now things are going well."

As stated earlier, this is just the beginning for Hariharan. The 22-year-old felt that with more matches like the one on Tuesday, they can gradually climb the ranking ladder. "Gradually we'll come up. Once we gain more exposure, we'll get to our opponents and learn how to deal with them. We'll also learn about conditions etc. After a few matches, maybe we'll get more results," he noted. "Experience is the key. For individual category or doubles, if we gain experience and if we play as per strategy, then we can win against anybody," he added.

Up next for Hariharan and Arjun are Lian Weikeng and Wang Chang, 2024 Paris Games medallists and 2023 World Championships bronze winners.

Sindhu ousted, victory in defeat for Tanvi

ANMOL GURUNG @ New Delhi

IT'S a classic case of one step forward and two steps backwards for PV Sindhu. Just a few days ago, the double Olympic medallist had reached the last-four stage of the Malaysia Open — a BWF World Tour Super 1000 event. Given her toils last year, it was a noteworthy leap even though she couldn't quite apply the finishing touches then.

Moreover, that run was an ideal start to the new season and a perfect platform ahead of the India Open. Her tails were up and naturally, she had tall hopes to maintain her rhythm in front of home fans.

However, Wednesday was a big reminder that she's not quite at the standard where she would want to be. Granted, she was up against a tricky opponent in the form of Nguyen Thuy Linh of Vietnam (the two were 2-2 on head-to-head going into their latest match) but Sindhu was expected to rise to the occasion. But it was a big blow from India's perspective to squander a lead and lose the tie. After conceding a close first game, Nguyen went on to upset the Indian 20-22, 21-12, 21-15. "I don't think it was my day," Sindhu said. "At this level, everyone plays well and you can't expect easy points or easy wins. She has good strokes and you have to keep the tempo and the shuttle in play. Small mistakes in those moments become decisive. I definitely need to be more consistent," Sindhu reflected.

Youngster Tanvi Sharma, who was a last-minute inclusion in the main draw after withdrawals, also suffered a similar fate but despite the loss, the manner in which she performed would have handed her plenty of belief. She stretched World No 2 Wang Zhi Yi of China, even managing to pocket a game, before losing steam towards the business end. Tanvi lost 20-22, 21-18, 13-21 in 69 minutes. Meanwhile, HS Prannoy and Kidambi Srikanth won their respective matches to advance to the second round.

Mitchell ton helps visitors level series

EXPRESS NEWS SERVICE @ Chennai

DARYL Mitchell, who loves playing in and against India, helped New Zealand level the series with a classy, unbeaten 100 in the second ODI of the three-match series. India, asked to bat on a tricky surface, took their time to get going before setting a target of 285. Mitchell, whose game against spin is one of the best in the business across formats, took a liking to both of India's frontline spinners.

In the end, the No. 4s unbeaten 131 (11x4, 2x6) helped the Kiwis over the line at Rajkot with 15 balls and seven wickets to spare. Credit must also go to two of his partners during the run-chase. Firstly, Will Young, who was outstanding during last year's Test series in India, was composed during his 98-ball 87. The thing with Young is that there is total clarity in his methods against spin and he marries conviction with belief. His 162 run stand with Mitchell was broken by Kuldeep Yadav but the wristspinner had a rare off night on a surface where spin was negligible.

But Glenn Phillips, a very busy cricketer at the best of times, came and ensured there would be no further hiccups with his very unique style of boundary hitting coupled with running between the wickets. However, the architect of the chase was Mitchell, especially the way he handled the spinners. Granted both Ravindra Jadeja and Yadav struggled to get a tune off the strip but overseas batters need to identify that and have the capacity to utilise that to their advantage. And the 34-year-old did just that. What worked for him — what has always worked for him — is that he trusts his defence but also knows he has multiple hitting options. The sweep, the paddle behind the stumps, pumping down the ground as well as finding gaps on the off side.

On Wednesday night, he showcased his full repertoire. He scored 68 off his total runs against the two spinners (one of the main reasons why the two of them returned with figures of 1/126 in 18 overs). And there were all sorts of runs. A six down the ground, clips of the legs for singles, drives on the off side... it was a clinic on how to play spin in these parts. If India will want to look at one area looking ahead to that World Cup, it would be their spin department. What, though, would please them is the form of their batters. Couple of days after KL Rahul took them home, the wicketkeeper battled hard to hit a fine unbeaten 100. **Brief scores:** India 284/7 in 50 ovs (Gill 56, Rahul 112 n.o, Clarke 3/56) **lost to** New Zealand 286/3 in 47.3 ovs (Young 87, Mitchell 131 n.o).

Padikkal in focus ahead of VHT S/F

ENS @ Bengaluru

DEVDUTT Padikkal, who is scoring runs at will, will hold the key to Karnataka's chances as they take on Vidarbha in the first semifinal of the Vijay Hazare Trophy here on Wednesday.

Padikkal is batting like a man possessed, and his latest display came against Mumbai in the quarterfinal, where his unbeaten half-century pushed the rivals out of the contest. This season, the 25-year-old has scored four centuries, placing him at the top of the run charts. Karnataka's batting lineup with skipper Mayank Agarwal, Karun Nair and Abhinav Manohar so far this season have fired well. Vidarbha have shown the intent to post multiple 300-plus totals this season and they are equally adept at chasing big scores.

Young top-order batter Aman Mokade has also enjoyed a prolific season, scoring four centuries and a half-century. However, his single-digit scores in the last two matches is something Harsh Dubey would want him to address.

How an amateur beat the likes of Sinner to win

XPLAINER

THE Australian Open, known as the Happy Slam, continued its innovative One Point Slam. And the made for TV event saw participation from the likes of Carlos Alcaraz, Sinner and Iga Swiatek. In the end, though, the winner was Jordan Smith, a little known amateur who took home the top prize. A look...

Wait, he beat Sinner?

Well, yes, kind of. So how this mixed gender event works is each match lasts all of one point and there are no warm-up, no rallies. It's man vs man or woman vs man or woman vs man. It features six rounds (five rounds if you are a seeded player) with the person winning it taking home a million dollars. Smith, en route to the final, prevailed over the Italian after the faulted on his serve. All pros get only one serve. Following that, he took out the likes of Amanda Anisimova and Pedro Martinez to reach the final.

Who did he face in the final?

True to the event's nascent unofficial branding ('anything can happen'), he faced Joanna Garland, a World No. 117. Garland had actually lost in the actual Australian Open qualifying on Tuesday, advanced through the qualifying event of the one point Slam before taking out the likes of Alexander Zverev, Nick Kyrgios and Donna Vekic. However, one shanked return in the final was all it took for Smith to walk away with the top honour.

What about Carlos & Iga?

Carlos Alcaraz, who loves a drop shot during the final of Majors, went to his trusted shot but it let him down against Maria Sakkari, a WTA star. Swiatek lost to Spain's Pedro Martinez. Others like Daniil Medvedev and Andrey Rublev were expected to have a chance but they also fell by the wayside as amateurs won big.

Is this a thing in all Majors?

Well, no, but considering Rod Laver Arena was filled to the brim to watch it, it could well be. After a lowkey first edition in 2025, they went big this year after the US Open came out with a novel mixed doubles event to open their Slam. It is part of a wider moment to maximise their earning potential leading upto the Major.

SANDALWOOD STARS ON TRADITIONS, CHILDHOOD MEMORIES AND THE NEW BEGINNINGS THEY LOOK FORWARD TO THAT MAKE MAKARA SANKRANTI SPECIAL

RISE, SHINE & CELEBRATE

ANJALI RAM, MAHIMA NAGARAJU

From decorating homes to savouring festive delicacies and getting together with families, the joy of Makara Sankranti is steeped in tradition. With rangolis at doorsteps, strings of mango leaves framing entrances, children and adults donning ethnic wear, Bengalureans are all set to celebrate the season of new beginnings. As the festivity fills the air, *CE* speaks with Sandalwood stars, who reminisce about cherished Sankranti memories and share how they keep the customs alive and what they are most excited about this year.

PRANITHA SUBHASH, ACTOR

It's the time of the year when you get to spend quality time with your family, friends and relatives and that's what makes the festival special. Over the years, many traditions from my childhood have become a little obsolete. As a kid, I would dress up and go to all the houses around with my cousins and exchange plates of ellu-bella. Today, it feels like we are living in an era where everything needs an appointment. The past spontaneity is missing and it's something I really want to pass on to my daughter. I want her to exchange bella with her friends the way we did. I also miss making sakkare acchu-bella with my grandmother. The obbattu with ghee, ellu-bella, puja, new clothes and the banana leaf meal make every Sankranti special. Growing up in South India, kite flying wasn't a major ritual, but my daughter is excited about it this year.

KM CHAITANYA, DIRECTOR

Makara Sankranti has always fascinated me because it celebrates the earth. My memories are of people dressed in traditional attire, jaggery and corn being distributed and the sense of togetherness. We also decorate our house with lots of green, mango leaves and prepare delicacies like holige and chitranna. But my favourite is ellu-bella and visiting houses to share sweets, sugarcane and those beautifully shaped sugar cubes. Over the years, things have changed. Earlier, we would just bite into sugarcane, but now we hesitate. Even Bengaluru has changed – we were once a close-knit community and today, we hardly know our neighbours. Sankranti was always about community and that is something I miss.

CHANDAN KUMAR, ACTOR

Growing up in Mysuru, Sankranti meant my sister going for 'ellu beerodu'. People would also paint cattle and make them jump over fire – it's a tradition called 'kicchu haisodu'. It's been many years since I saw that. Since my son was born, we haven't been able to celebrate the festival in a grand way, but I plan to from next year to pass it on. This year, I will be in Visakhapatnam with my CCL(Celebrity Cricket League) team.

SAKSHI MEGHANA, ACTOR

Being from Sakleshpur, we celebrate the festival in a simple way – wearing new clothes and going around to every house to distribute ellu and bella. Ellu-bella has to be my favourite part of the festival – I eat it for two months afterwards! Apart from that, kadbu and iskidbele saru are the specialities made on the festival. The next day, however, we have non-vegetarian food, and it's like a big party, a celebration that's different from other parts of Karnataka.

RAGINI DWIVEDI, ACTOR

This year, we will hold a small puja ceremony at home and probably visit a temple. I have been in Bengaluru for a couple of years now, but as Punjabis, we mark Lohri with a lot of celebration. Our celebration includes enjoying gajak and moongfali, which is a classic combination that I have grown up eating, and dancing around the bonfire. The festival is celebrated very differently here compared to Punjab. While the customs, traditions and food may be different, for me it's still about celebrating the new year with my loved ones.

NAVEEN SHANKAR, ACTOR

This Sankranti is extra special because I'm celebrating the festival with my sister and her newborn baby girl. Until I completed my 10th grade, I would visit my hometown every Sankranti. Gradually, it became something I celebrated here, caught up in work and personal life. What kept Sankranti special for me in the city were my neighbours. A group of us who had migrated to Bengaluru celebrated together with house owners and people living nearby, who would lovingly bring home-cooked festive dishes, including ellu-bella. After becoming an actor, I have also celebrated Sankranti with auto drivers on several occasions. One memorable celebration was during the promotions of *Nodidavaru* at Basaveshwara Nagar Grounds, organised by the Bengaluru Auto Chalaka Sangha. Today, the festival has become a major film release window, and I look forward to Kannada cinema reclaiming that space with memorable films.

Happy Makara Sankranti

Are there any exercises I can do using stairs at home?

Stairs are simple, brutal in the best way and wildly effective. They hit strength, cardio, balance and coordination without fancy equipment.However, variations are recommended as over a period of time, your body will used to it, and you will cease to see changes. It can lead to overuse injuries too. Adding other forms of exercises will prevent the above.

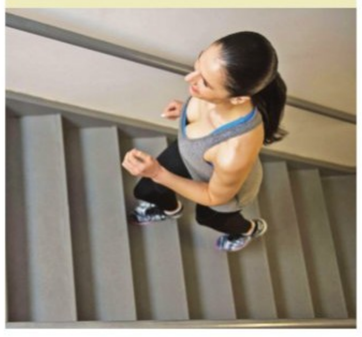
Some of the exercises you can do: Step-ups

- Step lunges
- Stair calf raises
- Incline push-ups
- Tricep dips

Alternate step back lift / knee up, ham curl and side lift.

ASK AN XPERT

- Pick 4 to 6 exercises. Do 10 to 15 reps each or 30 to 60 seconds each for cardio moves.
- Repeat the circuit 2 to 4 times.
- Alignment and exercise execution should be monitored to prevent injuries. If you are new to exercising, it is not suitable.



FITBIT

QUICK, EFFECTIVE: HERE'S A 11-MINUTE NO-EQUIPMENT LOWER BODY WORKOUT CURATED FOR WOMEN

Your busy schedule might have kept you off workout for a long while, but here's a mini body-weight routine designed to activate, strengthen, and tone your lower body muscles. This exercise routine is short, and focused on workouts that increase blood flow, muscle endurance, and build strength. The workout is ideal for beginners or anyone with limited time, and it builds a foundation for more intense sessions later.

CORE EXERCISES

- **Warm up/ Activation Flow (like Malasana to Stand):** Opens hips and activates the glutes and hamstrings, perfect for prepping joints and muscles.
- **Fire Hydrants:** Great for glute medius and inner thighs with minimal knee impact.
- **Yoga-Inspired Holds:** Exercises such as 'downward dog' and 'crescent pose' not only work the legs but also improve muscle flexibility, hip mobility, and oxygen flow to the brain.
- **Balance-Focused Moves (like Warrior III):** Enhance stability, proprioception, and unilateral strength (one leg at a time).
- **Figure 4 & Chair Pose:** Target deep hip muscles, quads, and core with controlled holds that build endurance and strength.

TIPS TO KEEP IN MIND

- **Frequency:** Aim to repeat this routine 3-4 times per week; consistency is more important than duration at first.
- **Progression:** As you adapt, increase intensity by adding extra reps/ holds, slowing tempo, or pairing with complementary workouts (e.g., upper body or core).
- **Warm-Up & Cool-Down:** Always start with a warm-up (dynamic leg swings, hip circles), and end with light stretching to reduce soreness.

HOW IT IS BENEFICIAL FOR WOMEN

- Builds lower-body strength, tones without equipment.
- Enhances balance and coordination.
- Improves mobility and joint health.
- Fits into even the busiest schedules.

SANKRANTI'S SEASONAL NUTRITION

In winter, the body requires more energy for warmth and experiences increased dryness in the skin, joints and digestive system

PREETI MOHANTY

MAKARA Sankranti, celebrated during the peak of winter, it is deeply connected to India's tradition of seasonal eating. The food commonly prepared during this festival are closely linked to seasonal health needs. Ingredients like til (sesame seeds), peanuts and ghee are deliberately chosen for their warming, nourishing and restorative properties. Winter is a time when body requires more energy to maintain warmth and experiences increased dryness in skin, joints, and digestive system.

Foods that are rich in healthy fats and that provide warmth are peanuts, ghee and til/sesame seeds. Their warm properties create heat, are a long-term source of energy and help to prevent dryness from occurring within the body.

Sesame seeds also contain many antioxidants as well as vitamins and nutrients such as zinc, calcium, iron to support the body's natural defences and the health of our bones.

Peanuts are a source of plant protein, B vitamins, healthy monounsaturated fats. This combination of nutrients will help to maintain your energy levels and muscle strength and help in energy production.

Ghee is a type of clarified butter which aids digestion as it enhances the rate of nutrient absorption and supports our gut health. As winter is traditionally a time when the body is at its highest capacity for digesting food, ghee is an especially good food to consume during these winter months.

During the winter months, when the metabolic requirements of the body are at their highest, these foods will provide the body with ongoing sustenance as opposed to simply providing a temporary burst of energy, as is often experienced from consuming sugar.

As the winter months approach, the body will experience many more incidences of joint stiffness and body aches due to the colder temperature and lack of moisture being present in the body. Sesame seeds will provide the body with omega 6 fatty acids and calcium, which support the body's joints and support bone strength.

By providing the body with ghee, the body will have a natural lubricant for the joints, and will assist in decreasing skin and mucous membrane dryness. Magnesium and niacin found in peanuts assist with muscle performance and fatigue recovery.

Overall, these foods will help you prepare for the seasonal change of the year when it is cold out. These foods may be healthy choices; they are also high-calorie foods that should be consumed with caution and moderation. Eating too many calories from these high-calorie options can result in weight gain and fluctuations in blood sugar for individuals who are diabetic or have elevated cholesterol levels. To keep an individual's daily calories within the recommended amounts per the ADA Guidelines, sugar must be consumed only in small amounts; replace refined sugar with jaggery (sweet palm sugar); use plain roasted instead of fried peanuts, and limit ghee consumption to 1-2 tsp per day.

They do help support winter metabolic activity for those who eat them in the right quantities and frequencies to maintain their overall metabolic health without impairing the workings of the body's long-term metabolic systems.

In order to view Sankranti foods in a more favourable way than merely seeing them as 'bad' or 'good' for your diet, consider their seasonal significance in winter. These foods can be used to support a person's winter metabolism and help protect long-term metabolic health when consumed regularly but in correct amounts and intervals.

Geetha Pictures, the makers of the film, released a character-focused teaser on Sankranthi

Dheeren

SANDEEP SUNKAD'S *PABBAR* FEATURES DHEEREN AS A COP

A SHARADHAA

AFTER *Shakhahaari*, director Sandeep Sunkad is back with his second feature, *Pabbar*. The film features Dheeren Ramkumar in a lead role for the second time. The film is backed by Geetha Pictures, and the makers chose Sankranthi to launch a teaser that introduces the main character and provides a glimpse into his journey.

The teaser begins with a young man in black, his face covered by a mask, walking through a burial ground while onlookers watch. He is accompanied by someone speaking beside him, but he doesn't reply. The moment does not clarify his identity or purpose. Is he a relative, a friend, or someone arriving too late? The scene leaves the question open, trusting the audience to feel the unease and mystery.

In a quiet moment, he lifts the mask before a little girl, suggesting familiarity and a shared history. While the teaser briefly indicates that Dheeren is in uniform, hinting at his role as a cop in *Pabbar*, it primarily emphasises his inner struggle. The focus is not on the thrill of the chase but on a mindset shaped by loss, search, and purpose, hinting at a journey that feels more like a reckoning.

Sandeep Sunkad provided an update on the film, noting that only one major schedule is left, and the post-production is underway. He explained that the teaser was designed purely to introduce the character and was filmed separately for that purpose.

"This teaser showcases a character's journey. It does not focus on events but highlights emotion. It was shot with this specific goal in mind. The dialogues, the silences, and even the philosophical lines are meant to offer small clues about the kind of journey *Pabbar* will present," he said.

The film stars Amrutha Prem as the female lead, playing a vital emotional role in the teaser, especially in the moment when the masked man reveals his face to her. The film also features a strong supporting cast, including Ramakrishna in a key role, along with Achyuth Kumar, Gopalakrishna Deshpande, Babu Hirannaiah, and Danny Kuttappa.

On the technical side, *Pabbar* has Vishwajith Rao as the cinematographer, Mayur Ambekallu as the music director, and Sandeep Sunkad as the editor.

Sriram steps in as the lead opposite Amulya in *Peekaboo*

The team unveiled the hero during Sankranthi, with nearly 60 per cent of the film already shot

CE FEATURES

THE Sankranthi celebrations turned special for Kannada cinema fans as the team of *Peekaboo* officially introduced the film's hero, pairing him opposite Golden Queen Amulya. Directed by Manju Swaraj, the film brings back the successful Shravani Subramanya combination of the director and Amulya, raising expectations among audiences.

The makers released a special hero-introduction teaser during the festive celebrations, revealing that Sriram will play the male lead. Unlike the usual high-voltage hero launches, the teaser presents Sriram through Amulya's point of view, giving the introduction a soft and romantic tone that matches the film's emotional mood.

Sriram, earlier known as Shrimadev, is not new to films. He has played lead roles in movies such as Iruvudellava Bittu, Gajanana, Gang, and Hondisi Bareyiri. With *Peekaboo*, he is using the name Sriram and looking at this film as a fresh phase in his career.

For Amulya, *Peekaboo* marks a significant return to the big screen after a prolonged absence. She had stepped away from films after marriage while at the peak of her career, and her comeback has been eagerly awaited by fans who remember her performances in Cheluvina Chittara and Shravani Subramanya. The film was also announced on her birthday, making the project emotionally special for her and her followers.

Peekaboo is produced by Ganesh Kenchamba under the Sri Kenchamba Cinema banner. The film's technical team includes cinematographer Suresh Babu, music composers Veer Samarth and Sridhar Kashyap, and editor N M Vishwas.

With nearly 60 per cent of the shoot already completed, the team has begun promoting the project alongside filming. The hero reveal is part of that plan, and the film is shaping up as a feel-good romantic drama with a familiar pairing and a fresh on-screen combination.
